GENERAL INFORMATION

1.1 Preamble

The Sport and Organization Rules (SOR) of the International Judo Federation (IJF) in conjunction with the Statutes, Finance Rules and the IJF Refereeing Rules, are the binding documents for the holding of World Championships and all competitions held under the responsibility and auspices of the IJF. Specific supplemental procedures will be issued for the holding of Judo competitions at the Summer Olympic and Youth Olympic Games.

The SOR, along with the IJF Event Organization Guide (EOG), serves as a guideline for the organization of all Judo competitions, regardless of level. Departure from the rules outlined in the SOR and EOG are not permitted. In the SOR the masculine gender is used to refer to any physical person, (for example,

names such as member, leader, official, participant, athlete, judge, referee or chaperone etc.) it shall, unless there is a specific provision to the contrary, be understood to include the feminine gender.

Note: the IJF Head Sport Director nominates Technical Delegates to control the IJF events such as Grand Prix, Grand Slam, Masters and to advise the event organizers. Nominations are planned according to calendar of IJF events for each year. The Continental Opens are under control of the Continental Unions where the events are held and Technical Delegates are nominated by the Sport Directors of the respective Unions.

The organization of the World Championships is the concern of the following bodies: the IJF, the Continental

Union to which the Organizing National Judo Federation belongs and the National Judo Federation, which has been commissioned by the IJF Executive Committee with the hosting of the World Championships. The correspondent Continental Union is consulted in any questions and supports both bodies. The National Judo Federation must name an Organizing Committee to deal with the organization of the World Championships. The National Federation will in any case be responsible to the IJF Executive Committee for the proper holding of World Championships. The IJF has final appellate jurisdiction. For each World Championships, an IJF Commission will be appointed by the IJF EC, which will assist the Organizing National Judo Federation and supervise the

organization of the World Championships. Any National Judo Federation hosting the World Championships is required to work out a proposal concerning its organization on the basis of the SOR and the local conditions. The IJF Executive Committee will support the Organizer by giving guidance and technical assistance. The holding of World Championships and the work of the referees will be supervised by the IJF.

The latest version of the SOR can be downloaded at <http://www.ijf.org>

1.2 Basic Principles

The IJF Refereeing Rules must be applied to and observed at all IJF competitions: Summer Olympic Games, World Championships, Continental Championships, Youth Olympic Games and all IJF official events.

Major Refereeing Rules modifications can only be decided and approved by the IJF Executive Committee.

Major modifications shall become fixed for the forthcoming period of Olympic qualification including the Olympic Games. Anyone organizing World Championships on behalf of the IJF and wishing to depart in any way from the IJF SOR must obtain permission in writing from the IJF Executive Committee.

The IJF Executive Committee shall allocate all IJF events to host Organizing Committees.

12 The IJF shall accept control over regional Judo competitions whenever this is so directed by the Executive Committee or the Congress. This requires, however, adherence to the Statutes, Finance Rules, IJF SOR and the IJF Refereeing Rules. In such Judo competitions refereeing and technical organization shall be dealt with by the Continental Union or regional body and supervised by the IJF nominated officials.

The IJF recognizes men's and women's competitions. Contests between men and women are not permitted.

The regulations covering television, radio, film, photographic and advertising rights are contained in the Statutes and Finance Rules.

Discipline is a core principle in judo, both on and off the field of play (FOP). See Appendix F for the IJF Disciplinary Code.

The IJF reserves the right to take disciplinary measures towards participants, competitors, referees, officials, personnel and members, in the case of cheating or misconduct. The IJF Executive Committee has the authority to establish a Disciplinary Commission to evaluate presumed rules' violations in relation to the IJF SOR or IJF Refereeing Rules.

In the case of a breach or violation of these rules, any incident that takes place during a competition organized by IJF or under its auspices, will be investigated. The IJF Disciplinary Commission shall be competent and able to take sanctions in compliance with the IJF Disciplinary Code.

At any IJF events, all behaviour contrary to the ethics and moral values of sport, and in particular judo, and any violation of the IJF SOR may give rise to disciplinary sanctions taken by the IJF. See Appendix F for the IJF Code of Ethics.

In the case of an incident, linked to the behaviour during an IJF event (starting from the arrival at the airport and until the departure), an immediate decision to suspend the person or people involved may be taken on the spot. This decision will be placed under the responsibility of an Executive Committee member nominated before each event by the IJF President, who will consult everyone concerned (ad-hoc Commission).

Any incident giving place to a sanction or not, will be communicated immediately to the IJF President, IJF Executive Committee members and the IJF Disciplinary Commission.

A possible sanction decision will be taken after having heard the person or people concerned and any potential witness(es). If the concerned person is a minor, an adult responsible for the delegation will accompany them, during the discussion.

As soon as the decision is taken, the ad-hoc Commission will immediately inform the IJF President, the IJF Executive Committee and the IJF Disciplinary Commission about its decision.

A report of the incident and final decision should be sent to the Disciplinary Commission, c/o the General Secretariat, within three days of the date of the incident. The report must state the following: the facts, including the recall of the alleged facts, a summary of the observations and arguments of the parties, the grounds for the decision and any other comments.

The Disciplinary Commission, upon receipt of the documents, will inform the concerned persons about its decision 15 days after the date of the incident.

The IJF President and to the IJF Executive Committee will be notified immediately about the decision.

The IJF Disciplinary Commission will decide the date of the suspension start date and the duration.

If an individual disagrees with a decision, a written appeal may be made to the IJF Disciplinary Commission, c/o the General Secretariat, within one calendar month from the incident date. In the case of suspension, the decision will stand until the outcome of the appeal is heard.

When a situation arises that is not covered by the IJF SOR or IJF Refereeing Rules it shall be dealt with, and a decision made by the IJF Executive Committee.

Any judoka classified in the IJF World Ranking List is not authorized to take part in an international competition of any combat sport, other than judo, unless specific authorization has been given by the IJF.

1.3 Integrity Rules Match Fixing

The integrity of sport depends on the outcome of sporting events and competitions being based entirely on the merits of the participants involved. Any form of corruption that might undermine public confidence in the integrity of a judo contest is fundamentally contrary to the spirit of sport and subject to severe sanctions.

The IJF has Rules dedicated to Sports Integrity in relation to betting.

There are four core rules to remember:

- Always do your best, never fix a contest.
- Never bet on your competition, never bet on your sport.
- Never share information that could be used for betting purposes.
- If you are approached to cheat, speak out!

1.4 Match Fixing

14

If a contest takes place and seems to have been played to a pre-determined result, violating the IJF rules, further investigation may be undertaken and any findings of match fixing will result in disciplinary action.

If in IJF events (individual or team), an athlete is injured or ill before a contest and needs to withdraw they must have a medical certificate from the IJF Medical Commissioner.

The result of the contest will be cancelled if any athlete is caught not telling the truth.

The IJF may undertake further investigation and any findings of match fixing will result in disciplinary action.

1.5 Insurance and Civil Liability

Each National Federation is responsible for its athletes (including the control of non-pregnancy) and must assume all responsibility for accident and health insurance as well as the civil liabilities for their athletes and officials, including the nominated referees, during all IJF events.

1.6 Gender Control

The gender control is the responsibility of the IJF National Federations. The IJF draws the

attention of its Member Federations to the fact that it applies, on this matter, the International Olympic Committee recommendation currently in force, and if any, the one modified by the International Olympic Committee over the time. All decisions of a Member Federation for an athlete's gender must be communicated with the briefest delay to the IJF President.

Any official complaint of an IJF National Federation, a Continental Union or a member of the IJF Executive Committee concerning an athlete's gender must be duly motivated and must be sent to the IJF President. On the basis of the elements of the official complaint, the IJF Executive Committee will decide if it is necessary to follow up on this complaint and to bring before the "Gender Control" Commission to deliberate and to make a decision on this topic. The IJF Executive Committee can also call out to the Member Federation of the athlete concerned so that they decide on the gender of the athlete concerned.

All decisions made by a Member Federation about an athlete's gender must be submitted exclusively by the athlete concerned to the IJF "Gender Control" Commission in the case of a contestation.

The "Gender Control" Commission is composed of a doctor competent in the field of the gender reassignment, a jurist and a member of the IJF Executive Committee appointed by the IJF President. This commission will be able to call on experts recognized in this field.

The IJF "Gender Control" Commission will have the full authority to ask all of the concerned persons for any documents or information necessary for the hearing of the case which has been referred. The "Gender Control" Commission will establish an internal regulation in order to define the progress of the procedure that must guarantee the confidentiality of the procedure as well as the respect of the applicable provisions concerning protection of the data and private life.

The decision of the IJF Executive Committee not to follow up on an official complaint as well as the decisions of the "Gender Control" Commission can be submitted exclusively by way of appeal to the Court of Arbitration for Sport in Lausanne, Switzerland, that will definitely decide on litigation according to the Code of the arbitration concerning sport. The delay of appeal is twenty-one days from receipt of the decision being the subject of the appeal. The Panel will be composed of only one judge. The language of the arbitration will be English.

1.7 Minor Athletes

The National Federation is responsible for obtaining legal approval and permission for minor athletes to compete in IJF competitions. This also applies to doping testing. The National Federation must ensure that minor athletes have parental/guardian permission to undergo testing.

1.8 IJF Calendar

The current IJF calendar can be found on the IJF website (<http://ijf.org>).

- World Championships and Team World Championships Seniors (for senior men and women) will be conducted each year at a time similar to that of the Olympic Summer Olympic Games with exception of the year in which the Olympic Games are held. The Team World Championships are held on the last day of World Championships.
- Open World Championships is held in accordance with a schedule approved by the IJF Executive Committee.
- World and Team World Championships Juniors (for men and women 15–20 years) will take place each year except the year with the Summer Olympic Games.
- World and Team World Championships Cadets (for boys and girls 15-17 years) will take place in accordance with a schedule approved by the IJF Executive Committee.
- Summer Olympic Games are held every four years in even numbered years in accordance with a schedule approved by the International Olympic Committee.
- Youth Summer Olympic Games are held every four years in even numbered years in accordance with a schedule approved by the International Olympic Committee.

1.9 Nationality

The athletes must be of the same nationality as the National Federation for which they have been entered. Persons appointed by the Executive Committee of the IJF shall verify the citizenship of the athletes. The evidence of citizenship shall be the production of a passport issued by the represented country.

In the following cases, particular procedures must be applied:

- a) Where the competitions are being held in a country in which the residents do not hold passports while in that country.
- b) Where there is a possible problem of “joint citizenship”, e.g. Puerto Rico an acceptable substitute for the passport will be a letter or certificate from the athlete’s National Olympic Committee or, if there is no such body, from the National Sports Authority confirming the athlete’s residence in that country and the citizenship.

If a competitor has multiple citizenships they may compete for only one country.

A competitor who has represented one country in the Olympic Games, World Championships, in continental, regional games and/or Championships or International Tournaments organized by IJF or under its auspices, and who has changed their nationality or acquired a new nationality may participate to represent their new country provided that at least three years have passed since the athletes last represented their former country. If the two National Federations concerned agree, they may request the

IJF to shorten the period of three years or even to cancel the duration (see Olympic Charter, Rule 41 and the Bye-law to Rule 41).

Thus, the IJF can't shorten the three years' period without written agreement from both National Federations concerned.

The aforementioned "three years' rule" is only implemented in case of the athlete having already represented a country during Olympic Games, World Championships, in continental, regional games and/or Championships or International Tournaments organized by IJF or under its auspices. Competitions for Veterans are excluded from this rule.

The request to shorten the "three years' period" shall be sent by the host National Federation to the IJF General Secretary.

This request has to be sent with the documents below:

- Letter from the athlete, who has already represented their country, giving evidence of their wish to represent their new Federation.
- Letter from the President of the National Federation (the country of origin) certifying the absence of objection to the change of the nationality of the concerned athlete.
- Letter from the President of the National Federation (the host country) authorizing the athlete to represent this Federation in international competitions.
- A copy of the athlete passport mentioning the nationality of the host country.

On receipt of a complete file the IJF General Secretary will examine it and send it out to the IJF Executive Committee for approval. If the majority of the IJF Executive Committee approves the request, the IJF General Secretary confirms the acceptance of the application to the concerned party, with both origin and host Federations in copy. Any athlete disrespecting this rule may be subject to disciplinary measures.

1.10 Age Groups

Athletes under 15 years are not allowed to compete in any official IJF event, or events organized either under the auspices of the IJF or sanctioned by the IJF. The lower age limit for all IJF competitions is 15 years (calendar year).

The following age categories are recognized by the IJF:

2.2 Competition System for IJF WJT Individual Events

There is only one uniform competition system for all IJF WJT events, an elimination system with the repechage starting at the quarter-final (last eight). For other events, different types of systems can be used such as double repechage, full repechage or direct knockout.

In a quarter final repechage, for each category, the athletes will be divided into two tables by means of a "draw", and an elimination system will be used to produce two finalists, who will compete for the gold medal.

The athletes defeated in the quarterfinal will compete in two repechage contests:

- The winners of each of these two repechage contests will compete in bronze medal contests against the loser of the semi-final contest of the respective opposite table.
- The winners (2) of those contests are placed third.
- The losers (2) are placed fifth.
- The losers (2) of repechage contests are placed seventh.

On the draw sheet the athlete on top wears a white judogi and the one below wears a blue judogi. Gold, silver and two (2) bronze medals will be awarded.

2.3 Regulations for IJF WJT Team Events

2.3.1 Team Composition

Each team will consist of up to 5 (five) athletes (for Men/Boys as well as for Women/Girls) and has the possibility to have up to 5 (five) reserves. A team must consist of a minimum of 3 (three) athletes.

A total of 10 athletes can be inscribed with a maximum of two athletes per category.

At the Youth Olympic Games the team is mixed and will consist of four boys and four girls from different NOCs.

At the Olympic Games the team composition will be agreed by the IJF and the IOC.

2.3.2 Team Weigh-in

The athlete must be within the weight limits of a category in which they are inscribed. There is 2 kg tolerance for athletes who competed in the individual Championships and NO tolerance for athletes who are only inscribed for the team competition. During the competition, an athlete may compete in one category higher than the category in which they are inscribed. Before the start of the official weigh-in the coach can update the team list.

2.3.3 Seeding for IJF WJT Team Events

The top four (4) teams from the Teams World Ranking List (WRL) seniors will be seeded. For cadets and juniors, the medallists from the previous edition will be seeded if present.

2.3.4 Competition System for IJF WJT Team Events

The system of competition will be the elimination system with quarter final repechage (refer to 2.2 for a full description). For other team events, different types of systems can be used such as double repechage, full repechage or direct knockout.

On the draw sheet the athletes in the team on top wear a white judogi and the ones in the team below wear a blue judogi. Gold, silver and two (2) bronze medals will be awarded.

The contests in the team match will be fought from the lightest weight to the highest weight. Each athlete is entitled to compete in their own weight category or in the category above.

26

During the contests the non-competing athletes must stay within a marked area on the FOP behind the coaches' chair. Reserve athletes must not enter the FOP.

Before each match the team leader must present to the Sport Director the team line-up and they have the right to replace one or several athletes by other athletes of the corresponding weight category or of the next lower category. If the team has no athlete in a category they should select the "no competitor" option. A minimum of three (3) athletes **MUST** be on the team line-up list.

All competitors presented for the team match at the official bow on the mat must compete. If one competitor does not compete in their contest the team will lose by disqualification.

If one team does not arrive for a match, the other team will be declared the winner by 5-0.

The number of contests won will decide the winning team.

If for any reason there is an equal number of wins and an equal number of score points, a random draw will be made and one couple will refight a golden score contest where the first score or penalty of any kind decides the winning team.

Points will be given as follows:

- Ippon gachi/fusen gachi/kiken gachi 10 points.
- Waza-ari 1 point.
- Win by shido 0 points.

The same points apply regardless of whether they are achieved in regular time or during Golden Score. In the case of osaekomi during the Golden Score an athlete can continue the hold to gain maximum points.

2.4 Regulations for Low Numbers of Athletes or Teams

If a category has one (1) to five (5) athletes or there are one (1) to five (5) teams the low numbers rules need to be applied. If there are six (6) athletes in a category and one or more does not pass the weigh-in, then the category should be redrawn to follow the low number rules. If there are six (6) teams and one or more teams cannot compete, then there should be a redraw to follow the low number rules.

2.4.1 Low Numbers Rules for IJF WJT Individual and Team Events

1) In the case of five (5) athletes or teams

Two (2) athletes on one side of the table, simple contest for the access to the final, the three others on the other side of the table compete in the round robin system to classify them.

- The defeated athlete of the single contest must compete with the second one coming from the round robin elimination for the bronze medal (only one bronze medal awarded).
- The winner of the single contest meets the winner coming from the round robin system for gold and silver.

2) In the case of four (4) athletes or teams

Two single contests then a contest between the two losers for the single bronze medal and a contest between the two winners for the gold and silver medals.

3) In the case of three (3) athletes or teams

A round robin system will be held in the elimination round. The best and the second best will compete in a final. A bronze medal will be given if one contest was won.

4) In the case of two (2) athletes or teams

One final will be held and a gold and silver medal will be awarded.

2.4.2 Low Numbers Rules for Other Individual and Team Events

For all other events, the following rules can be applied instead:

1) In the case of 5 athletes or teams

A round robin system produces the gold and silver and one bronze for the single 3rd place.

2) In the case of 4 athletes or teams

A round robin system produces the gold and silver and one bronze for the single 3rd place.

3) In the case of 3 athletes or teams

A round robin system produces the gold and silver and no bronze for the 3rd place except if they have won one contest.

4) In the case of 2 athletes or teams

Better of two contests, in case the wins are equal (1-1), the third contest will decide. Gold and silver medals given.

2.4.2 Round Robin System

If there are low numbers a "Round Robin" system may be used and this is defined as a system where each athlete or team will compete against the other.

The following Round Robin rules to define the winners are used:

- First criteria: number of wins.
- Second criteria: (in case of an equal number of wins): the highest sum of winning score points will decide.

Example: white scored waza-ari; blue scored two (2) waza-ari: the second waza-ari for blue is defined as the winning score (1 point) *for blue*.

- Third criteria (in case of equal number of wins and sum of winning score points): direct comparison.
 - If two contestants have equal number of wins and sum of score point, the contestant who won the contest between them is defined as better.
- Fourth criteria (in case of equal number of wins and no direct comparison possible because of "beating in circle"): the shortest accumulated time of all winning contests will decide.
- Fifth criteria (in case of equal time): weight at the weigh-in. The athlete with the lower weight is defined as better.
- Sixth criteria (in case of same weight): decision matches. A knockout system between the involved players will be used. A new draw must be performed.
 - Example in the case of three athletes: one contest between two players will be held. The winner of this contest will compete against the third player to get a final decision.

2.5 Veterans

The IJF Veterans Commission is responsible for all IJF veteran activities. See Appendix A for the full regulations for Veterans.

2.6 Kata

The IJF Kata Commission is responsible for all IJF kata activities. See Appendix B for the full regulations for Kata.

SECTION 3

WORLD RANKING LIST AND IJF RANKING EVENTS

The world ranking lists (WRL) are the responsibility of the IJF Sport Commission and are managed by the IJF IT Team. The WRL can be found at www.ijf.org and for assistance please contact fischer@ippon.org

3.1 Senior World Ranking List

Players not passing the weigh-in will be removed from the contest sheet. The contest order will be re-numbered. Possible opponents will be moved forward in the list with a bye. If the opponent wins no other contests, then no WRL points will be given for this bye (except participation points if applicable).

When an athlete loses a contest by a direct Hansoku-make for acts against the spirit of judo, ranking points will be assigned for the position that the athlete reached in the competition. However, points, medals and prize money may be removed depending on the results of any further disciplinary action.

The five best results during the 12-month period will count plus one extra (6th) result from the Continental Championships or Masters, starting from Continentals 2013. In a case where the athlete starts in both events (Continental Championships and Masters) then the higher point score will count as the 6th result, and the lower point score may count for the five best results in the WRL.

32

Looking back 12 months from today - five best results plus one result count 100 %.

Looking back 13-24 months, from there - five best results plus one result count 50 %.

The points for each individual tournament will expire as follows:

- In the first 12 months after the tournament the points will count 100 %.
- After 12 months, the points will be reduced to 50 %.
- After 24 months, the points will be reduced to 0 and not counted anymore.

The dividing line is the following week (week number) in which the tournament was held.

Example: If tournament is held in week 17 of 2010, the points are reduced to half on the beginning of week 18 in 2011 and expired in the beginning of week 18 in 2012. The beginning of the week is defined as Monday.

Exception: For the equal treatment of all Continents, the expiry date for all Continental Championships will be always week number 18 regardless of the week number that they are organized.

A minimum of one contest must be won to get points for a tournament.

Exception: Grand Prix, Grand Slam, Masters, World Championships and Continental Championships points will be given for participation as well.

At Grand Prix and Grand Slam events only the two best domestic athletes can obtain points for the WRL. In case of equality the points will be automatically given to the highest ranked athlete. If still equal, the domestic federation will decide.

Additional rules

If an athlete changes their nationality out with the Olympic Qualification period, they will keep all WRL points for seeding purposes.

If the athlete changes their nationality during the Olympic Qualification period, they will lose all WRL points and will start the Olympic Games Qualification with zero (0) points.

In case of equality of total points, the higher ranking will be decided by:

- The highest sum of the current points from all World Championships.
- The highest sum of the current points from all Grand Prix, Grand Slams and Masters
- The highest current points from one single event, then, if needed, the second highest, and so on
- If the athletes are still equal the IJF Executive Committee, in the case of Olympic Qualification, will take the decision.

ENTRIES

Entries for IJF events are the responsibility of the IJF Sport Commission and are managed by the IJF IT Team. For assistance on the entries please contact registration@ijf.org.

4.1 Entries

Participants should be entered in the judobase database by their National Federation. The name and date of birth should match that of their passport. If the person wishes to be known by another name, they should write to the IJF General Secretary (gs@ijf.org) with copy to registration@ijf.org for approval. If someone has a name change or their name/date of birth is incorrect, the National Federation should send a copy of the passport to registration@ijf.org so that their judobase record can be updated.

All participating delegates must be inscribed in judobase (www.judobase.org) by their National Federation by the event deadline. Each person can only be inscribed with one function (i.e. athlete, coach, referee, team official etc.) per event. This rule is not the same for Veteran events (see Appendix A).

A national federation coach can be accredited for ONLY one country per event unless permission has been given by the IJF. Athletes can ONLY be entered in one weight category per IJF WRL event. Only entries of National Judo Federations that are IJF members will be accepted. After the deadline, no additions will be allowed but replacements may be accepted as follows:

- Until 20 days before draw: the correct names of the complete delegation (athletes and officials) have to be registered online at IJF registration page (www.judobase.org). The number of athletes/delegates cannot be increased after this deadline.
- Until 5 days before draw: In case a delegation has replacements and/or cancellations these changes must be entered online at IJF registration page (www.judobase.org).
- Until start of accreditation: Any last-minute replacements or cancellations must be sent to the IJF registration e-mail: registration@ijf.org. A confirmation will be sent from the IJF.
- During accreditation, registered athletes can be replaced by other athletes and registered officials can be replaced by other officials.

4.2 Cancellation of Athletes

Any cancellation of an athlete on the spot without replacement will result in a penalty (see below).

- In cases where registered athletes are cancelled on the spot without previous notification to IJF, a penalty of 100 USD per athletes will apply. This penalty will be charged by the IJF to the National Federation.
- In case a whole delegation is not participating without previous notification, a penalty of 100 USD per athlete will apply for all registered athletes.
- Additionally, in all cases the Organiser has the right to demand the expenses for accommodation and meals generated by any replacement, cancellation or non-participation from the cancelling Federation as per the deadlines indicated in the event outlines.

4.3 Number of Entries

For IJF events the number of entries permitted will be limited as follows:

- World Championships Seniors (men and women) - each National Federation may enter nine (9) entries in total for men and nine (9) entries for women. Only a maximum of two athletes per category for men and the same for women will be allowed. The total delegation of both men and women is a maximum of 18 athletes. There is no open category.
- World Open Championships Seniors (men and women) - each National Federation may enter a maximum of four athletes.
- World Championships Juniors (men and women under 21) - each National Federation may enter 10 entries in total for men and 10 entries for women. Only a maximum of two athletes per category for men and the same for women will be allowed. The total delegation of both men and women is a maximum of 20 athletes. There is no open category.
- World Championships Cadets (boys and girls under 18) - each National Federation may enter 10 entries in total for boys and 10 entries for girls. The organizing country has the right to have a minimum of one (1) athlete in each category. If they do not qualify an athlete in the top 16 a domestic athlete will participate as the 17th athlete.
- Grand Prix and Grand Slam - a maximum of two athletes per country per category can be inscribed except for the hosts who can enter a maximum of four athletes per category. However, only the best two athletes' results will be considered for the WRL.

4.4 Reserves for Team Events

If any of the qualified team(s) cancel their participation before the event, then the reserve(s) will be the next team on the Teams WRL. If any of qualified team(s) cancel their participation on the spot, then the host Continental Union has the right to nominate a reserve team(s).

ACCREDITATION

Entries for IJF events are the responsibility of the IJF Sport Commission and are managed by the IJF IT Team. For assistance on accreditation please contact registration@ijf.org.

At least one team delegate must attend on time to confirm the entries of all athletes and officials with his/her signature on the delegation confirmation list. A delayed appearance or no-show may result in the exclusion of all participants from the draw and the event. In case of unforeseen delay of arrival, the National Federation must immediately contact both the organizer and the IJF registration team (registration@ijf.org).

For each official team member from a national delegation (athletes, coach, team official, doctor etc.) an accreditation card is issued from IJF during official registration. This card contains: last (family) name, first (given name), country, IJF ID number, a picture and for athletes only their weight category and WRL position.

This accreditation card is valid for the duration of the Championships and is the personal identity document of the delegate for all security and access controls.

Number of accreditations for officials:

- One – four (1-4) competitors: three (3) officials
- Five – nine (5-9) competitors: five (5) officials
- 10 or more competitors: seven (7) officials

42

At World Championships and whenever it is necessary to verify the age and/or nationality of an athlete a member of the IJF Sport Commission or representative will check the passport or national identity card (a high-quality photocopy or scan will also be accepted).

When the team leader comes to accreditation the Local Organizing Committee should also provide them with any additional useful information such as meal and transport times, training schedule, departure schedule etc.

There must be at least two stations for financial payments. One for teams with no changes and one or more for teams that need to make changes.

DRAW

The draw is the responsibility of the IJF Sport Commission.

SECTION 6

6.1 Draw Regulations

For all IJF World Championships, Masters, Grand Slams and Grand Prix the draw will take place at 14:00 the day before the competition. For other events, such as the Olympic Games and other Multi Sport events the date and time of the draw will be agreed by the IJF Sport Commission.

After the closing of accreditation and before the start of the draw the lists of athletes by category will be posted outside the draw room. Any errors or omissions should be reported to the IJF IT Team before the start of the draw.

A maximum of two team delegates from each delegation can attend the draw along with one athlete representative. All attendees must respect the formal dress code, which is a suit and tie.

The draw will be carried out by computer with the use of the IJF software (or other software if IJF authorized) under the direction of the IJF Sport Director assisted by the IJF IT Team and Sport Commission.

The Organizing Committee shall distribute copies of the draw to each participating delegation no later than 30 minutes after the draw is finished.

6.2 Seeding

For the World Championships, Grand Slams, Grand Prix and Masters the top eight athletes among the entered athletes in each weight category will be placed per thier IJF WRL position. For the rest of the draw separation by nations will be respected. However, seeding position will take priority over separation by nation in categories where there are lower numbers.

For the World Championships Open there will be no seeding only separation by nations.

For the World Team Championships teams the top four (4) teams from the Teams World Ranking List (WRL) will be seeded.

If necessary, the IJF Head Sport Director will agree the seeding rules for other events.

WEIGH-IN AND JUDOGI BACKNUMBER CONTROL

The weigh-in is the responsibility of the IJF Sport Commission.
The judogi backnumber control is the responsibility of the IJF
Education and Coaching Commission.

7.1 Location of the Weigh-in and Judogi Backnumber Control

The weight control and the judogi backnumber control can take place in a maximum of two locations simultaneously, in the competition venue or in the official hotels allocated by organizers for participating delegations.

The members of the Education Commission will check the brand of the judogi as well as the backnumber which shall be sewn on the back of the jacket in compliance with the current judogi rules. The backnumber shall be stitched around the entire perimeter and the upper and lower edges should be crossed to form an X; Or alternatively six (6) straight equidistant parallel horizontal lines can be stitched across the backnumber. The backnumber needs to be clean, free from any stains or sticky residue whatsoever. If these rules are followed the sponsor backnumber will be given for each judogi.

The belt does not need to have a red IJF label a blue label will be accepted.

During the competition, the Education and Coaching Commission members will control in a standing position the length of the jacket which should cover the buttocks and reach middle thigh length.

50

If the organisers do not provide a sewing service, the IJF will not be held responsible and the athletes shall make their own arrangements to comply with the current judogi control rules.

If an athlete fails to show up for the judogi backnumber control the day, without a valid reason, before the competition, the coach of the athlete will be suspended for one day.

If an athlete does not have their judogi due to it being lost or stolen, on production of an airline (or train) lost baggage claim or a police report, reserve judogi will be given and the coach permitted to sit in the chair.

Organizers should provide separate rooms for men and women and enough calibrated electronic scales showing only one decimal place i.e. 51.9 kg, 154.6 kg. If more than one scale is being used at that location, then the weight category to be controlled should be posted in front of it. The scales should be placed on a solid floor that is not carpeted.

7.2 Weigh-in Rules

For IJF events the official weigh-in for seniors and juniors will be organized the day before the competition at 20:00. If for any reason (i.e. Olympic Games opening ceremony) a different time is proposed it shall be agreed by the IJF Sport Commission.

From 2015, for events included in the IJF Cadet World Tour and IJF Cadet WRL the weigh-in for cadets will also take place the day before the competition at 19:00. For this age group a day before weigh-in is recommended by the IJF for all events. For team competitions, the weigh-in is organized one day before the competition. There will be a 2 kg tolerance for athletes who competed in the individual Championships and NO tolerance for athletes who are only inscribed for the team competition.

The official weigh-in control period shall be between 30 – 60 minutes. Control scales should be available in all official hotels between 08:00 – 22:00 for athletes to check their weight.

Athletes shall be allowed to check their weight on the official weigh-in scales (that will be used for the official weigh-in) from one hour before the official weigh-in commences.

There is no limit to the number of times each athlete may check his weight during the time of the unofficial weigh in.

In the cadets age category athletes are NOT allowed to remove their underclothing (boys – underpants, girls – underpants and bra) to compensate an additional 100 grams will be allowed i.e. for the category 44 kg the limit will be 44.1 kg.

7.3 Random Weigh-In

Random weight checks for cadets, junior and senior athletes can be organized before the first contests in the morning of the competition. The rules will be the same as those of the official weigh-in with the exception that the athletes do not need to bring their passports, as their accreditation is sufficient for identification. The weight of the athlete cannot be more than 5 % higher (without judogi) than the official maximum weight limit of the category.

7.4 Official Weigh-in Procedure

The Organizers shall make available a minimum of two national referees/officials per each official scale. One to check the passport and weight of the athlete and one to record the exact weight on the official weigh in list. An additional official/volunteer should also be available to control the flow of athletes. To protect the privacy of the athletes, officials supervising the weigh-in must be of the same gender as the athletes. The IJF IT team in charge of the event shall make available one copy of the weigh-in list for each weight category for the organizer and one copy for the members of the Sport Commission conducting the weigh-in before the scheduled start of the official weigh-in period.

Photography or filming is not permitted in the weigh-in area. This includes the use of mobile phones and all other devices.

- All coaches and other team delegates must leave the weigh-in room before the start of the official weigh-in.
- The athlete is allowed to stand on the scales only once during the official weigh-in period.
- Each athlete shall bring to the weigh-in their IJF accreditation card issued for the Championships and their passport or an official identification document with photo. The athlete shall present both documents to the official, who will verify the identity of the athlete.
- The official then invites the athlete to stand on the scales.
- The athlete shall weigh-in wearing only underclothing (men/boys – underpants, women/girls – underpants and bra). Any socks, jewellery or body piercings must be removed.
- The athletes are allowed to remove their underclothing – without stepping off the scales - to ensure they reach the minimum or the maximum weight limit of the weight category in which they are entered.
 - The official supervising the weigh-in shall note and record the athlete's weight in kilograms (accurate to one decimal point of a kilogram).
- The athlete steps off the scales.

Failure to appear for weigh-in control

Should an athlete fail to appear for weigh-in during the official weigh-in period, this shall be noted beside his name on the official weigh-in list. A weigh-in official and the IJF delegate shall sign the notation. The athlete will be excluded from competing in that weight category.

Failure to weigh-in within the prescribed limits of a category

Should an athlete weigh either above or below the prescribed limits for the category in which he is entered the exact weight shall be recorded in the normal manner. The weight shall be circled and signed by a weigh-in official, and a member of the Sport Commission and by the athlete himself or a member of his delegation. The athlete shall be excluded from competing in that weight category.

Failure to comply with official directions or with requirements of the IJF SOR

If at any stage during the weigh-in period, an athlete fails to comply with the directions of any weigh-in official or an IJF delegate, or fails to comply with the requirements of the IJF SOR, the athlete shall be prevented from participating in the weigh-in and the nature of the infraction brought immediately to the attention of the Sport Director of the IJF.

Anyone not passing the official weigh-in (through not appearing, failing the weight or failing to comply with official directions) will be removed from the competition and the revised draw sheet will be posted on the official notice board in the warm up area. Their original opponent will pass to the next round and this will be considered their first contest.

7.5 Random Weigh-in Procedure

The random weigh-in is the responsibility of the IJF Education and Coaching Commission. The random weigh-in takes place before the start of the competition each day.

Draw of the athletes

The responsible IJF delegate will perform the draw of the athletes by means of software on a laptop, one (1) hour before the start of the preliminaries of the competition each day. This will be done at the place of the IJF IT person running the competition. Four athletes per category (except +78 kg and +100 kg) will be drawn.

Collecting the athlete

The list of named athletes drawn for the random weigh-in will be officially posted on the official noticeboard placed near the warm up area.

Weigh-in procedure

Four volunteers (two men and two women) will operate the weigh-in. Two volunteers will identify the athletes and the two others will proceed with the weigh-in in two separate private rooms, one hour (1) before the start of the preliminaries each day. Test scales should be available for the duration of the weigh-in. The weigh-in will close 15 minutes before the start of the competition to allow any changes to be made by the IJF IT Team.

After weigh-in procedure

If an athlete's weight is 5 % higher than the official maximum weight limit of the category the Sport Director should be immediately informed and the overweight athlete will be excluded from the competition. The opponent of the overweight athlete should go on the mat and bow (they will be declared the winner by fusen gachi).

It is not necessary for the athletes to bring their passports to the random weigh-in; their accreditation is enough for identification.

Anyone not passing the random weigh-in (through not appearing, failing the weight or failing to comply with official directions) will not be allowed to take part and their opponents will report to judogi control and go onto the tatami where they will be declared the winner by fusen gachi.

REGULATIONS FOR VETERANS

The IJF Veterans Commission is responsible for all IJF veteran activities.

A1.1 Organization

The Veteran Championships should be a sport festival, a sport competition and a social event. All rules are based on the IJF SOR, but there must be some tolerance towards those paying their own costs in order that they can still follow and support the sport of judo.

The championships will be held in June, September or October and will take place on a Friday, Saturday, and Sunday.

The championships will take place, as far as possible, in a resort or a city that is a tourist venue, as the IJF want to merge the judo event with a family and social event.

The venue should be large enough to accommodate four mats for a maximum of 800 competitors and a minimum of five mats for more than 800 competitors.

A1.2 Competition Rules for Veterans

The IJF competition rules will apply with the exception of modifications made to age divisions (section A4), category combining (section A7), contest and golden score duration (section A6) and judogi (section A11). A registered competitor can use their athlete accreditation to coach. An additional coach accreditation is not required.

A1.3 Eligibility to Participate

All the following conditions must be met in full for an individual to be considered eligible to participate in these Championships.

The minimum age for participation in the World Veterans is to be 30 years or over in the year of the event. This defines the age at which players first become eligible to compete. Once a player has become eligible, they will be allocated into their appropriate five-year age category i.e.

M1/F1 will consist of competitors who have their 30th, 31st, 32nd, 33rd or 34th birthday and the M2/F2 will consist of players who have their 35th, 36th, 37th, 38th or 39th birthday at any date during the year of the World Championships.

- Hold a current and valid licence (membership) issued by a National Federation currently affiliated to the IJF.
- Pay the appropriate entry fees in full before the deadline set in the event outlines.
- Check in at registration (see schedule of Registration in the event outlines).

- Meet the specific weigh-in requirements.
- Provide photographic proof of their identity and date of birth using a valid current passport or a current National I.D. Card.
- A competitor must not have represented any National Team in a competition at international senior level at any time in the twelve months' period before the start date of the particular World Veterans Championships.
- The nationality of competitors will be taken as that which is indicated in their current passport or current National I.D. Card. Competitors may only represent one country, and in any cases of changing nationality, a one-year ineligibility period must be served prior to registration on site. In these circumstances, both National Federations involved must have already agreed and confirmed their agreement in writing conforming to the current IJF SOR regulations in section 1.8. The appropriate documentation must be supplied with the application for competition entry.
- All players must have obtained the minimum grade of first kyu.

It is recommended that all competitors should have had a recent medical examination prior to participating in this championship.

A1.4 Age Divisions for Veterans

103

Players will be allocated an Age Division based on:

- (a) Meeting the entrance criteria of a minimum of 30 years of age within the year of the event and,
- (b) Their date of birth in line with a five-year age range:

Age division	Actual Age (in the year of the event)
F1/M1	30 -34
F2/M2	35 - 39
F3/M3	40 - 44
F4/M4	45 - 49
F5/M5	50 - 54
F6/M6	55 - 59
F7/M7	60 - 64
F8/M8	65 - 69
F9/M9	70 - 74
F10/M10	75 - 79
F11/M11	80 and over

In order to facilitate the best possible application of the category combining policy (section A7) in situations of potentially a small number of entries and all the female categories will be held on the same day.

A1.5 Weight Categories for Veterans

The weight categories are the same as those for senior men and women.

A1.6 Time Duration of Contests for Veterans

Duration (minutes) for individual events will be as follows:

- M1/F1 to M6/F6: three (3) minutes.
- M7/F7 and over: two and a half (2.5) minutes.

The golden score rule will apply in all individual contests with the exception of competitors in the M7/F7 and over age division where it will be a maximum of one minute. If a tie exists at the end of the one minute golden score, the Central Referee, in consultation with the Table Jury, will agree on a final decision to select the winner (without calling hantei).

A1.7 Category Combining for Veterans

A Technical Official from the IJF will delegate responsibility to a suitable individual, representing the Host Organization, who will be responsible for operating the category combining policy. This policy applies to all weight categories within all age divisions.

Category combining may only be applied to categories where there are less than three entrants. If category combining cannot be achieved safely and according to the guidelines, then a pool of three elimination systems may be considered, or the best of three contests between the two players.

- Combining within the same age division - competitors should remain within their age division if possible.
- Combining using weight categories – competitors should only be combined with other competitors who are no more than one weight category lighter or one weight category heavier. Special consideration should be given to the actual weight differences when dealing with the lightest and the heaviest female and male categories (as a guideline a maximum of 10 kg actual difference when combining the lightest weight category and a maximum of 20 kg actual difference when combining the heaviest weight category should be considered as a limit unless there are other compensatory factors such as experience etc.). Weight should be the primary consideration when moving players about within their own age division or combining them with other age divisions in accordance with the guidelines below.

Age divisions:

- Competitors in age divisions M7 or F7 and above (for example M8/F8, M9/F9 etc.) may only be combined with other competitors who are no more than one age division higher or more than one age division lower i.e. competitors in M7/F7 may only be combined with competitors from M6/F6 or M8/F8.
- Competitors in divisions M6 or F6 may be combined with competitors no more than one age division higher or two age divisions lower. i.e. M7/F7, M5/F5 and M4/F4.
- Competitors in divisions M5 or F5 may be combined with competitors no more than one age division above or two age divisions below i.e. M6/F6, M4/F4 and M3/F3.
- Competitors in divisions M4 or F4 may be combined with competitors no more than two age divisions above or two age divisions below i.e. M5/F5, M6/F6, M3/F3 and M2/F2.
- Competitors in divisions M3 or F3 may be combined with competitors no more than two age divisions above or two age divisions below i.e. M4/F4, M5/F5, M1/F1 and M2/F2.
- Competitors in age divisions M2 or F2 may only be combined with competitors two age divisions above and one age division below i.e. M3/F3, M4/F4 and M1/F1.
- Competitors in age divisions M1 or F1 may only be combined with competitors in two age divisions above i.e. M2/F2 and M3/F3.

A1.8 Draw for Veterans

The Draw for the Individual Weight Categories will take place at 19.00 hours on the day before the competition for those Age Divisions. Information on the exact location of the individual weight category draws will be displayed in Registration. A complete list of competitors who have successfully fulfilled the weight requirements will be displayed outside the room where the official Draw will take place a minimum of 15 minutes prior to the draw starting. Officials from each country should check this list to ensure that all their players are on the list who should be on the list, and that they have been correctly allocated to their age divisions and weight categories. Only accredited officials will be entitled to attend the draw.

A1.9 Seeding for Veterans

In the veterans' event, there is no seeding, because competitors move into a new age category every five years and therefore enter in a new group of competitors.

A1.10 Weigh-in for Veterans

The weigh-in will take place the day before the competition as indicated in the outlines. There is no random weigh-in for veterans.

A1.11 Judogi rules for Veterans

White and blue judogi are obligatory and all competitors must have both types. All judogi must conform to the current regulations regarding size, materials etc., but it is not required that a judogi is purchased from the currently selected IJF manufacturers list of suppliers.

106

A1.12 Back numbers for Veterans

Competitors must wear a back number on both their competition judogi jackets and these must be of the type currently recommended by the IJF or the Host Organization.

A1.13 Competition System for Veterans

The type of competitions system to be applied in the competition will depend on the number of entries as follows:

- 1 entry – no contest (or category combining).
- 2 entries – best of three contests (or category combining). **If it is 2-0 then the third contest will not be fought.**
- 3 entries – pool of three (or category combining).
- 4 entries – pool of four.
- 5 entries – pool of five.
- 6 entries – two pools each with three players. Top two players from each pool progress to the semi-finals with the winner of Pool A fighting the runner-up from Pool B and the winner of Pool B fighting the runner-up from Pool A.
- 7 entries – one pool with four players and one pool with three players. Top two players from each pool progress to the semi-finals with the winner of Pool A fighting the

- runner-up from Pool B and the winner of Pool B fighting the runner-up from Pool A.
- 8 entries - two pools each with four players. Top two players from each pool progress to the semi-finals with the winner of Pool A fighting the runner-up from Pool B and the winner of Pool B fighting the runner-up from Pool A.
- 9 entries or more - double repechage system where all those players who have lost to the four semi-finalists compete in the repechage.

All the contests in a single age division will be held on the same day.

A1.14 Awarding of Medals for Veterans

Medals will only be awarded to competitors who have actually fought in the category. The number of players competing determines the eventual medal allocation.

The medal distribution rule is as follows:

- One player - no medal will be awarded (the competitor will receive a participation medal from IJF. There will be no flag, national anthem during this awarding ceremony)
- Two players – two medals awarded
- Three players – three medals will be awarded only if the third-place player has won at least one contest. In the case of no contest won there will only be two medals awarded
- Four players – three medals awarded
- Five players – three medals awarded
- Six or more players – four medals awarded

If a category has been combined the only medals awarded will be the one set of medals for the competitors in that combined category.

A1.15 Referees for Veteran Events

A green-tinted photograph of a karate match. One karateka is in mid-air, performing a high kick or throw, while another is kneeling on the mat. A yellow and red striped ribbon is stretched across the scene. In the background, a banner with the word 'pbank' is visible.

REGULATIONS FOR KATA

The IJF Kata Commission is responsible for all IJF kata activities.

B1.1 Eligibility to Participate

There are five officially recognised Katas for the IJF Kata World Championships:

- Nage-no-kata.
- Katame-no-kata.
- Ju-no-kata.
- Kime-no-kata.
- Kodokan-goshin jutsu.

The IJF Kata Competition Rules will be used to judge the Kata with reference also to the official Kodokan kata video.

Each Nation can enter a maximum of seven pairs with a maximum of two pairs for each Kata: the competitors can only participate in one Kata. The pairs can be composed of two males, two females, or a male and a female

Nationality - Refer to section 1.8

Competitors must have a minimum of 1st Dan and be at least 16 years of age on 1 January of the year in which the competition is organized; there is no upper age limit.

B1.2 Accreditation

The times and place for check-in and accreditation will be specified in the event program.

Number of accreditations for officials:

- One – three (1-3) pairs: five (5) officials
- Four – seven (4-7) pairs: 10 officials

B1.3 Draw

The draw to establish the groups and the sort of each group will be done the day before the competition. The World Championship Pairs medallists from the previous year will be considered seeded and will be divided into two groups. The draw for sort of the final will be done in the Sports Hall after the eliminations.

B1.4 Competiton Formula

Each Kata will be divided into two groups: the top three couples with the maximum points from each group (that is six pairs for each Kata) will compete in the finals. Three or four mats will be used for the preliminary round and three mats for the final. If the number of pairs is less than 10, there will be only one group: the top six couples from the group will compete in the final. For each Kata, the couple with the maximum points in the final will be awarded the gold medal, the couple with the second most points will be awarded the silver medal; and the third, the bronze medal.

B1.5 Judges and the System of Judging

The contests will be judged by IJF qualified Kata judges. The number of judges per National Federation is limited to:

- Participating countries may enter four (4) judges.
- Non-participating countries may enter two (2) judges.
- A judge cannot be a competitor.

The judges have to attend the technical meeting the afternoon before the first day of competition to confirm participation as judge in these Championships. Time and place are stated in the program.

There are five judges and they will award points on the official IJF scoring sheet. For each technique, the total score of three Judges will be totalled to produce the final score: the maximum score and the minimum score for each technique will be cancelled. The total score of the whole Kata will be the sum of the score totalled by the five judges.

The evaluation of every technique of Kata must consider the principle and the opportunity of execution: the evaluation (included in the opening and closing ceremony) has to be comprehensive. In the nage no kata, right and left techniques will be evaluated comprehensively (only one score).

The five judges will be positioned on the shomen side and they will sit at about 1m apart. The rule of neutrality will be applied so the judge must be of a different nationality than the competing pair. The position of the five judges will be the same throughout the competition. If one judge is temporary replaced, he will take place in the same original position when they return to the competition. The judges must take up their position before the arrival of the couple in the competition area.

The couple enters and leaves the competition area at the opposite side of shomen: the start and end of Kata (opening and closing ceremony) is at an 8m or 10m distance apart depending on the dimensions of the mat (bow to the mat). Any behaviour of tori or uke inside the competition area that is contrary to the spirit of Kata will reduce the score of the ceremony.

In case of equal score between pairs, the following criteria will be applied considering the scoring sheets of five Judges:

- Total value of big mistakes - the pair who makes fewer mistakes wins.
- If still equal, total value of medium mistakes will be considered - the pair who makes fewer mistakes wins.
- If still equal, total value of small mistakes will be considered – the pair who makes fewer mistakes wins.
- If still equal, the average score (evaluated until the second decimal place) of the whole Kata will decide. The pair who has the better score will win.

112 If two pairs, both placing 3rd in the eliminatory (or 6th place in case of only 1 group) are still equal after all the above-mentioned criteria, both pairs will qualify for the final. If two pairs placing 1st, 2nd or 3rd during the final are still equal after the above-mentioned criteria, the Kata will be repeated so that the medal can be assigned.

B1.6 Competition Area

A strip of visible coloured adhesive tape, approximately 10 cm wide and 50 cm long, shall be fixed on the centre of the competition area 6 m apart, to indicate the starting position of Tori and Uke. The centre of the competition area shall be indicated with a strip of adhesive tape of the same colour.

A person wearing a blue judogi is performing a technique on a mat. The person's legs are extended, and their feet are on the mat. In the background, there is a blue and red striped ribbon. The entire image has a blue tint.

IJF JUDOGI RULES

Judogi control during IJF events is the responsibility of the IJF Education and Coaching Commission.

C1.1 IJF Approved Judogi

The competitors who participate in IJF official events should comply with the IJF Judogi regulations and the guidance of judogi control. The National Federation of the competing athlete is responsible for ensuring that the athlete wears an approved IJF judogi that complies with the IJF judogi rules. The list of IJF approved judogi suppliers is available at <https://www.ijf.org/supplier-list>

The judogi consists of a jacket and a pair of trousers and must be worn with a belt. The brand of both the jacket and trousers must be the same. Female competitors shall also wear a white tee shirt, that must not be transparent. Male athletes are not permitted to wear underwear on the top of the body. The judogi should be clean and dry and free from stains. The judogi should not be worn out, particularly on the collar and the lapel. If the condition of the judogi is assessed to be unsatisfactory, the competitor must wear a reserve judogi.

The athletes must bring both judogi for an unofficial control of the IJF official label (obligatory), judogi brand (obligatory), national emblem, advertising and backnumber. This service will start 30 minutes before the unofficial weigh-in. Only if the judogi is compliant with the IJF rules will sponsor labels be given. On each day of the competition the official judogi control will take place for each contest.

The markings of the logo, emblem and advertising etc. have to be made with a material that does not prevent good judo practice. It is not permitted to cover up/patch any part of the judogi or belt with tape or material.

Note: In case an athlete wears a coloured belt (brown, blue or green etc.), it must be made of soft material and is exempt from having the IJF official label.

C1.1.1 Official Label (Obligatory)

Each Judogi must have an IJF official label "APPROVED JUDOGE" with an optical code that cannot be falsified. The label will be controlled with an optical lamp. Each of the competition clothing articles (jacket, trousers and belt) must have an IJF official label. It is prohibited to alter or modify in any way the judogi or belt, it must be used as supplied by the manufacturer. There are two official labels, one blue and one red. The official label should be fixed (see picture 1):

The backnumber is fixed on the back of the jacket, sewed in a solid and regular way (see picture 8). The top of the backnumber must be placed at 3 cm from the collar. During the competitions organized by IJF, it must include the publicity of the competition (which is different for white and blue judogi).

Olympic champions are entitled to wear a gold backnumber and world champions a red one. The backnumber is provided by the IJF, world champions will receive four and Olympic champions will receive eight. This is valid only while the athlete is the current holder of the title and must be changed to the blue backnumber if the title is lost. C1.9 Judogi Control

Following the contest order that shall be displayed in the judogi control area, the Education and Coaching Commission is responsible for calling the athletes to the judogi control area. The athletes and their judogi shall be checked prior to each contest and found to be in accordance with the IJF Judogi rules.

It is the responsibility of the judoka to comply with the IJF judogi rules. If an athlete does not respect the judogi rules, they shall compete in a reserve judogi and the coach who is responsible for the athlete will be suspended for the rest of the competition on that day and they will not be allowed to coach any other athletes. Suspended coaches are not allowed to coach from the tribune. If they are caught doing so they will risk having their accreditation removed. If the offence is repeated the coach will be suspended for the rest of the competition.

The coach's accreditation card will have a single hole punched through it to indicate to officials that they are no longer allowed to enter the FOP. In the case of a repeated offence the coach will be suspended for the rest of the competition and will have a second hole punched in their accreditation to indicate their suspension.

At events where the accreditation card cannot be defaced or altered in any way, the local Organizing Committee should provide a solution such as a small laminated card that can be attached to the accreditation that can then have the holes punched in it.

In the team competition if one team member's judogi does not pass the control then the coach will be disqualified from accompanying the whole team.

The Education and Coaching Commission will also ensure that the dress code of the coaches is respected.

Reserve Judogi supply

During the competitions organized by IJF, the organizers will supply blue and white judogi and belts of different sizes. Judogi will be available in the judogi control area so that any change requirement shall be met as quickly as possible. A screened or closed changing area must be located in or close to judogi control.

The replacement judogi must be used only in the following cases:

- Torn judogi during a contest.
- Bloodstains or any other apparent stains.
- Irregular size.
- Irregular or missing backnumber.
- Inappropriate advertising.
- Inappropriate emblem.
- Unofficial brand.
- Jacket and trousers, if not the same brand.
- Inappropriate colour.
- Worn or washed out judogi.
- The name of the athlete on the accreditation and backnumber do not match.

The competitor must leave his accreditation card or part/parts of their judogi, which does not meet the requirements of the IJF regulations, with the organizers in exchange for the reserve judogi. The spare judogi must be returned immediately to judogi control at the end of the contest.

If a competitor refuses to comply with the rules, they will be excluded from the competition.

Note: The spare judogi are supplied for the competitors as a "service". The organizers cannot be blamed if a competitor cannot find a judogi of a suitable size. The sewing machinist is also a service for small repairs only. The attachment of the full backnumber is not permitted.

C1.10 Judogi Control Procedure

The judoka must show up in the regular dress as they would appear on the tatami. Nevertheless, they can have their shoes on.

The athlete and coach must arrive together at judogi control. If the coach is not present for a valid reason (such as coaching another athlete at the same time) they will be allowed to join the athlete later. If it is not a valid reason (such as trying to avoid a suspension) the athlete will not be allowed a coach for that contest.

Athletes are obliged to pass judogi control before their contest. A specific zone is dedicated for that purpose.

IJF REFEREEING RULES

All refereeing matters are the responsibility of the IJF Refereeing Commission.

The International Judo Federation has worked on the new regulations. They will apply for the next Olympic cycle. The goal is to promote the rules of judo and make them easier to understand, as well as to simplify them. The purpose of these rules is to give priority to the attack and to the realization of IPPON. The new refereeing rules with these modifications will be sent to you as soon as possible.

Regarding the refereeing rules, a test period at the international level will start at the beginning of January 2017 during the first Continental Open of the year in Africa and will end after the World Championships in Budapest from 28 August to 3 September 2017.

REFEREEING: Culture, History, Principles

Jujitsu is the generic term that regroups all of the methods of empty hand combat that the warriors of the Japanese Middle Ages practiced.

The fierce fights between the various schools of jujitsu contributed to the notoriety of their masters and pupils; it was in general duels between the schools that opposed the best practitioner of each among them.

Jigoro Kano at the end of the 19th century developed a school of jujitsu, that he called "JUDO", different from the other "Ryu" by its target. Like the other schools, Judo cultivated the maximal efficiency but the goal was not the same.

"The improvement of man and society"

Judo is a method of physical, intellectual and moral education, by the practice of a martial art.

Judo is the only martial art derived from Jujitsu where the grip of the opponent is obligatory; this is what gave its technical wealth, finesse and intelligence. The confrontation in jujitsu didn't allow real fighting since the goal was to kill without being killed oneself.

Jigoro Kano created a discipline where the confrontations allowed techniques to be applied completely, without ever injuring the opponent.

Ippon was granted only if the fall of the opponent was controlled until they hit the ground or they submitted.

Apart from the elbow joint where one must leave the possibility for their adversary to quit, all techniques are executed in the sense of articulation and never in hyper extension.

The control of the fall direction, the impact "complete back" and the speed of execution are the definition of the perfect success of the throwing technique.

Judo is not a struggle where one accumulates advantages or points, whether standing up or on the ground, judo is a duel with a code. The only goal is ippon; all other values can be counted only if there is a will to score Ippon.

The evolution of contests and refereeing through the years

Of the challenges inter-schools of jujitsu without mercy, one passed, a little more than 100 years later, to be a member discipline of the International Olympic Committee.

The competition is today extremely well regulated and fully corresponds to the "Olympic Charter" humanist, educational and social. Judo remains nevertheless a martial art where a 100% duel must be the rule. An accumulation of points doesn't give the victory, it is the perfect technique that is rewarded with an ippon that puts an end to the contest.

The only exception was "Waza-ari-awazete - ippon" where, in this case two techniques were executed and were evaluated as nearly Ippon. It is judged that they can correspond to "out of contest" (as at the time of the warriors of the Middle Ages) and counted in judo like "Ippon".

The refereeing must take into account the philosophical aspect of the duel between the two competitors, and reward them by the correct value or the correct sanction.

The rewards are:

- Ippon or nearly Ippon (Waza - ari). and Yuko ~~(the intention to make Ippon but without complete success):~~

The sanctions are:

- A warning or disqualification, according to the severity, for those who put in danger their own health or that of their opponents, those who refuse to contest, those who stop the contest from taking place fairly, who comes out of the contest area. All actions contrary to the spirit of judo must also be punished.

The one who wins is the one who executed "THE" best technique or, if there is no technical result, who demonstrated their loyalty by an offensive attitude and fair play.

Culturally and in complement, judo doesn't reduce itself to its Olympic expression, judo remains a martial art, judo is more than a sport, all the techniques of the Gokyo are part of the judo heritage and must always be taught.

It is the same for the "kuatsu", techniques of resuscitations and joint mobilizations practiced about forty years ago by the judo teachers and the referees which are these days forbidden in some countries. Their practice is not allowed but their knowledge is part of the judo heritage and should under no circumstances be forgotten.

The referees are the guards of the physical, cultural and philosophical expression of Judo.

Judo must be understood to be appreciated

2. Situations that allow the passage from Tachi-waza to Newaza

- a) When a contestant, after obtaining some result by a throwing technique changes without interruption into Newaza and takes the offensive.

The Referee having announced Mate, must take care to maintain the contestants within his view, in case they did not hear the announcement and continue fighting or if any other incident arises.

2. Situations where the Referee shall announce Mate.

- a) When both contestants go completely outside the contest area.
- b) When one or both of the contestants perform one of the prohibited acts listed in Article 23 of these Rules.
- c) When one or both of the contestants are injured or taken ill. Should any of the situations of article 25 occur, the Referee, after announcing Mate, shall call the doctor to perform the necessary medical attention according to said article, either upon the request of the contestant, or directly depending on the seriousness of the injury, allowing the contestant(s), in order to facilitate performance, to adopt any position other than the starting position.
- d) When it is necessary for one or both of the contestants to adjust their Judogi.
- e) When during Newaza there is no evident progress.

- f) When one contestant regains a standing or semi-standing position from Newaza bearing his opponent on his back, with the hands completely clear of the Tatami, indicating a loss of control by the opponent.
 - g) When one contestant in, or from Newaza regains a standing position and lifts the opponent, who is lying on the back with one (1) or both legs around any part of the standing contestant, clear of the Tatami.
 - h) When a contestant performs or attempts to perform Kansetsu-waza or Shime-waza from the standing position and the result is not sufficiently apparent.

 - b) The Referee should not announce Mate when a contestant, who has escaped from Osaekomi-waza, Shime-waza or Kansetsu-waza, appears in need of or calls for a rest.

4. Exceptional situations

- a) Should the Referee call Mate in error during Newaza and the contestants therefore separate, the Referee may, if possible, and in accordance with the "majority of three" rule, re-position the contestants into as close to their original position as possible and restart the contest, if so doing will rectify an injustice to one of the contestants.

ARTICLE 18 – Sono-mama

1. In any case where the Referee wishes to temporarily stop the contest without causing a change in their positions, he shall announce Sono-mama, making the gesture under Article 8.9 while he must ensure that there is no change in the position or grip of either contestant.

2. Sono-mama can only be applied in situations where contestants are

working in Newaza.

3. Situations

- a) To award a penalty: If the contestant who is awarded the penalty is in an unfavourable position, there is no Sono-mama: the penalty is awarded directly.
- b) Medical assistance: If during Newaza a contestant shows signs of injury and according to Article 27 may be assisted by the doctor, the Referee may announce Sono-mama and separate the contestants if necessary. Subsequently will place back the contestants to the positions they held before the announcement of Sono-mama being the Referee overseen by the table Judges according to the 'majority of three' rule.

4. To recommence the contest, the Referee shall announce Yoshi making the gesture under Article 8.10.

ARTICLE 19 - End of the Contest

1. In regular time (4 minutes), a contest can only be won by a technical score or scores (Waza-Ari or Ippon).

A penalty or penalties will not decide the winner, except for Hansoku- make (direct or accumulative). A penalty never corresponds to a score.

The Referee shall announce Sore-made to indicate the end of contest in the cases covered in this article. After this announcement, the Referee shall always keep the contestants within his view, in case they do not hear his announcement and continue fighting.

The Referee shall direct the contestants to adjust their Judogi, if necessary, prior to indicating the result.

After the Referee has indicated the result of the contest making the gesture under Article 8, the contestants shall take one step backwards, make the bow and leave the contest area by the sides of the mat, particularly around the security area.

When the athletes are leaving the mat they must be wearing their Judogi in the proper way and must not remove any part of the Judogi or the belt before leaving the FOP (Field Of Play).

Should the Referee award the victory to the wrong contestant in error, the Judges must ensure that he changes this erroneous decision before the Referee leave the competition area, at which the decision becomes firm

without possible modification.

All actions and decisions taken in accordance with the “majority of three” rule by the Referees and agreed by the IJF Refereeing Commission shall be final and without appeal.

2. Situations of Sore-made

- a) When one contestant scores Ippon or ~~Waza-ari-awasete-Ippon~~ (Articles 20 and 21).
- b) In the case of Kiken-gachi (Article 24).
- c) In the case of Hansoku-make (Article 23).
- d) When one contestant cannot continue due to injury (Article 25).
- e) When the time allotted for the contest has expired.

3. The Referee shall award the contest as follows

- a) Where one contestant has scored Ippon or equivalent, he shall be declared the winner.
- b) Where there has been no score of Ippon or equivalent, the winner shall be declared on the basis of one Waza-ari prevails over any number of Yuko **the highest number of Waza-aris.**
- c) ~~Where there are no recorded scores or the scores are exactly the same under each point (Waza-ari, Yuko), the one with less Shidos wins.~~ **When both players have no technical score or the technical scores are equal at the end of the regular contest time, the contest shall continue in Golden Score regardless of shidos given.** Otherwise the contest shall be decided by the “Golden Score” contest **This rule is the same in** both individual and team championships.

4. “Golden Score” Contest

When the time allotted for the contest ends giving the circumstances of paragraph 3.c. of this article, the Referee shall announce “Sore-made” to end the contest temporarily and the contestants shall return to their starting positions.

There is no time limit for Golden Score ~~but the scoreboard records from the previous period will be retained.~~ **Any existing score(s) and/or shido(s) from regular time are carried into the Golden Score period and will remain on the score board.**

The Referee shall announce “Hajime” to restart the contest. There shall be no rest period between the end of the original contest and the start of the “Golden Score” contest.

The contest ends: as soon as a contestant is being penalized by Shido (looser) or the opponent achieves a technical score (winner)

- a) When any technical score is given
- b) If a player receives a Shido he/she will lose the contest ONLY if he/she then has more Shidos than the opponent.

The Referee will then announce "Sore-made".

In the "Golden Score" contest, when one contestant is being held and "Osaekomi" has been announced, the Referee shall allow the hold down to continue for the 20 seconds (Ippon), until Toketa or Mate, or until Shime-waza/ Kansetsu-waza is applied by either contestant with immediate result. The first score of Osaekomi is the winning score.

In this case, the contestant shall win by the points scored.

If during the "Golden Score" contest a direct Hansoku-make is given, the result for the penalized player will incur the same consequences as during a normal contest.

In the event that the Referee decides to penalize one contestant, he must first consult with the Judges and make the decision based on the "majority of three rule".

5. Special situations on the "Golden Score"

- a) Should only one contestant exercise his right to participate in the "Golden Score" contest, and the other contestant declines, the contestant who wishes to compete shall be declared the winner by "Kiken-gachi".
- b) In the case where both contestants score Ippon simultaneously during the time allotted to the first contest, the contest shall be decided by the "Golden Score" contest. In the case of simultaneous Ippon during the "Golden Score" contest the Referee shall announce Mate, continuing the contest without taking into account these actions for scoring purposes.
- c) In the case where both contestants are penalized with accumulated Hansoku-make (result from successive Shido) simultaneously, the contest shall be decided by the "Golden Score" contest.

d) For direct Hansoku-make given to both contestants, the IJF Jury will decide.

6. CARE system

The CARE system as defined in these Rules and in the SOR, will fall under the exclusive competence of the Refereeing Commission **and Supervisors**, and no one may interfere or define its operation outside the rules here listed or, in what was not covered, by the decision made by the Refereeing Commission in this regard.

Provides for the following situations of use:

- a) The ~~Member of the Commission~~ **Supervisor** will intervene, stopping the contest and informing the Referee and Judges, in the situations defined below.
- b) The ~~Member of the Commission~~ **Supervisor** may give a positive assessment to all Referees (without stopping the contest), when in his opinion, and after viewing both the live action followed by the CARE system replay, he is in agreement with the Referee and Judges.

Mandatory reviewing using the CARE system in support of the decision on the mat will be done under the following circumstances:

- a) Any decision involving the end of the contest, during the contest time as well as in the period of "Golden Score".
- b) Kaeshi actions where there may be difficulty in the assessment of which contestant had the final control of the action and thereby implying the end of the contest. **In a case of attack and counter-attack the first competitor landing on their own body will be considered the loser.**
 - If a score can be given, it will be assigned.
 - If the two athletes land together, no score will be given.
 - If an action is led by a competitor after the landing (Kaeshi-Waza), this action will not be counted.
 - Any action after landing will be considered as a Ne-Waza action.

Viewing of the CARE system and subsequent communication with the Referees as regulated in this article shall be up to the discretion of the Referee Commission member that oversees the mat. There shall be no unauthorized use or request of use of the CARE system other than by the Referees Commission.

ARTICLE 20 - Ippon

1. The Referee shall announce Ippon when in his opinion the applied technique corresponds to the following criteria:

- a) When a contestant with control throws the other contestant with a real impact on his back with considerable force and speed. When the fall is rolled without real impact, it is not possible to consider it Ippon.

All situations in which one of the contestants deliberately makes a “bridge” (head and one foot or both feet in contact with the Tatami) after having been thrown will be considered Ippon. This decision is taken for the safety of the contestants so they do not try to escape from the technique and endanger their cervical spine. Also an attempt of a bridge (arching the body) should be counted as a “bridge”.

- b) When a contestant holds with Osaekomi-waza the other contestant, who is unable to get away for 20 seconds after the announcement of Osaekomi.
- c) When a contestant gives up by tapping twice (2) or more with his hand or foot or says Maitta (I give up!) generally as a result of Osaekomi-Waza, Shime-waza or Kansetsu-waza.
- d) When a contestant is incapacitated by the effect of a Shime-waza or Kansetsu-waza.

2. Equivalence

Should one contestant be penalized with Hansoku-make, the other contestant shall immediately be declared the winner with a score equivalent to Ippon.

3. Special situations

- a) Simultaneous techniques. When both contestants fall to the Tatami after what appears to be simultaneous attacks and the Referees cannot decide which technique dominated there should be no score awarded.
- b) In the case where both contestants score simultaneous Ippon the Referee will act as regulated in article 19 paragraph 5.b.

ARTICLE 21 - Waza-ari

The Referee shall announce Waza-ari when in his opinion the applied technique corresponds to the following criteria:

- a) When a contestant with control throws the other contestant, but the technique is partially lacking in one (1) of the other three (3) elements

necessary for Ippon (see Article 20a).

- b) When a contestant holds with Osaekomi-waza the other contestant who is unable to get away for 10 seconds or more, but less than 20 seconds.

ARTICLE 22 – Waza-ari-awasete-Ippon

Should one contestant gain a second Waza-ari in the contest, (see Article 22) the Referee shall announce Waza-ari-awasete-Ippon.

ARTICLE 23 – Yuko

The Referee shall announce Yuko when in his opinion the applied technique corresponds to the following criteria:

- c) When a contestant with control throws the other contestant, but the technique is partially lacking in two (2) of the other three (3) elements necessary for Ippon.

When a contestant throws his opponent, with control, and the opponent falls on the side of the upper body it should be Yuko **Waza-ari**.

Examples:

(1) Partially lacking in the element of “impact on the back” and is also partially lacking in one of the other two (2) elements of “speed” or “force”.

(2) Impact on the back but partially lacking in both of the other two elements of “speed” and “force”.

- b) ~~When a contestant holds with Osaekomi-waza the other contestant who is unable to get away for 10 seconds or more but less than 15 seconds.~~

- d) **In order not to give a bad example for young judokas, the landing on both elbows is considered valid and evaluated by Waza Ari. Landing on only one elbow is invalid and can not be used for assessment.**

APPENDIX Article 21 - Waza-ari

Regardless of how many Waza-aris are announced, no amount will be considered equal to an Ippon. The total number announced will be recorded.

ARTICLE 22 - Osaekomi-waza

The Referee shall announce Osaekomi when in his opinion the applied technique corresponds with the following criteria:

- a) The contestant being held must be controlled by his opponent and must have his back, both shoulders and one shoulder in contact with the Tatami.
- b) The control can be made from the side, from the rear or from on top.
- c) The contestant applying the hold must not have his leg(s) or body controlled by his opponent's legs.
- d) At least one contestant must have one part of his body touching the contest area.
- e) The contestant applying Osaekomi must have his body in either the Kesa, the Shiho or Ura position, i.e. similar to the techniques Kesa Gatame, Kami-shiho-gatame or Ura-Gatame.

APPENDIX Article 22 - Osaekomi-waza

Should a contestant who is controlling his opponent with an Osaekomi-Waza, changed without losing control, into another Osaekomi-Waza, the Osaekomi time will continue until the announcement of Ippon (or equivalence), Toketa or Mate.

When Osaekomi is being applied, if the contestant who is in an advantageous position commits an infringement meriting a penalty, the Referee shall announce Mate, return the contestants to their standing positions, award the penalty (and any score from the Osaekomi), then recommence the contest by announcing Hajime.

When Osaekomi is being applied, if the contestant who is in a disadvantageous position commits an infringement meriting a penalty, the Referee shall announce Sono-mama, award the penalty, then recommence the contest by touching both contestants and announcing Yoshi. However, should the penalty to be awarded be Hansoku-make, the Referee shall, after announcing Sono-mama, consult with the other Referees, announce Mate to return the contestants to their starting positions, then award Hansoku-make and end the contest by announcing Sore-made.

If both table Judges agree that an Osaekomi exists, but the Referee has not announced Osaekomi, they shall inform the Referee and by the “majority of three” rule, the Referee shall announce Osaekomi immediately.

Toketa should be announced if, during Osaekomi, the contestant being held succeeds in “scissoring” the other contestant’s leg (s), either from above or from below the leg.

In situations where the back of the contestant being held is no longer in contact with the Tatami, (e.g. “bridging”), but the contestant applying the hold maintains control, the Osaekomi shall continue.

ARTICLE 23 - Prohibited Acts and Penalties

The Prohibited Acts are divided into ‘Slight’ infringements (Shido) and ‘Grave’ infringements (Hansoku-make).

SLIGHT INFRINGEMENTS: Will receive a penalty of Shido.

GRAVE INFRINGEMENTS: Will receive a penalty of direct Hansoku-make.

the Referee decide to penalize the contestant(s), (except in the case of Sonomama in Newaza) he shall temporarily stop the contest by announcing Mate, indicate the appropriate gesture for transgression and announce the penalty while pointing to the contestant(s) who committed the prohibited act.

During the **contest** there will be **three two** Shido, and the **fourth third** will be Hansoku-make (**2** warnings and then disqualification). Shido do not give points to the other **contestant**, only technical scores can give points on the scoreboard.

At the end of the **contest**, if **both players have no score** or scoring is equal on the scoreboard, **the one with less Shido wins**. If the **contest** continues to Golden Score, **the first receiving a Shido loses, or the first technical score will win**. **The contest is won when any technical score is given. If a player receives a Shido he/she will lose the contest ONLY if he/she then has more Shidos than the opponent.**

Shido will be given to the fighter deserving it, in place, without having both fighters return to the formal start position (Mate – Shido – Hajime) except when a Shido is given for leaving the contest area.

There are several possibilities for disqualification (Hansoku-make). When an athlete receives a Hansoku-make they may or may not be allowed to continue in the competition if applicable.

In the case of Hansoku-make resulting from progressive penalties, the contestant penalised with ~~four~~ **three** shido is allowed to continue competition.

In the case of direct Hansoku-make for protection of the judoka (diving head first onto the mat), the judoka is allowed to continue competition.

In the case of direct Hansoku-make for acts against the spirit of judo the judoka cannot continue in the competition. They will keep the position that was reached and the relevant WRL points will be awarded. In some cases, depending on the situation, the IJF Jury may decide to give the athlete a disciplinary sanction and to remove the position and/or WRL points.

In the case of a double Hansoku-make as a consequence of a fourth shido, the result is considered equal and the Golden Score rule will be applied (situation similar to simultaneous ippon/victory).

For a direct Hansoku-make given to both contestants, the IJF Jury will decide.

In any case of misbehaviour by an athlete, which merits disqualification, the IJF Jury may exclude him from the rest of the championships.

Whenever a Referee awards a penalty, he should demonstrate with a simple gesture the reason for the penalty.

A penalty can be awarded after the announcement of Sore-made for any prohibited act done during the time allotted for the contest or, in some exceptional situations, for serious acts done after the signal to end the contest, as long as the decision has not been given.

SHIDO (Slight Infringements Group)

(a) Shido is given to any contestant who has committed a slight infringement:

1. To intentionally avoid taking Kumikata in order to prevent action in the contest. (See APPENDIX Article 23 - Prohibited Acts and Penalties- a) Shido) *
2. To adopt in a standing position, after Kumikata, an excessively defensive posture.
Recognizing the difficulty of preparing a throwing action, the time between Kumi-kata and making an attack is extended to 45 seconds.

3. To make an action designed to give the impression of an attack but which clearly shows that there was no intent to throw the opponent. (False attack). False attacks are defined as:
 - Tori has no intention of throwing.
 - Tori attacks without Kumikata or immediately releases the Kumikata.
 - Tori makes a single attack or a number of repeated attacks with no breaking of Uke's balance.
 - Tori put a leg in between Uke's legs to block the possibility of an attack.
4. In a standing position, to continually hold the opponent's sleeve end(s) for a defensive purpose or to grasp by "screwing up" the sleeve end(s).
5. In a standing position, to continually keep the opponent's fingers of one or both hands interlocked, in order to prevent action in the contest. Or to take the wrist or the hands of the opponent only to avoid the grip or the attack on him should be penalized by Shido.
6. To intentionally disarrange his own Judogi or to untie or retie the belt or the trousers without the Referee's permission. **To intentionally lose time arranging his judogi and belt.**
7. To pull the opponent down in order to start Newaza unless in accordance with Article 16. (See APPENDIX Article 23 - Prohibited Acts and Penalties- a) Shido) *
8. To insert a finger or fingers inside the opponent's sleeve or bottom of his trousers.
9. In a standing position to take any grip other than a "normal" grip without attacking. (See APPENDIX Article 23 - Prohibited Acts and Penalties – a) Shido) * **Unconventional Kumikata (cross grip, one side grip, belt grip, pocket grip, pistol grip, ...) will be penalized, if there is no immediate attack.**
10. In a standing position, before or after Kumikata has been established, not to make any attacking moves. (See APPENDIX Article 23 - Prohibited Acts and Penalties – a) Shido) *
11. To hold the opponent's sleeve end(s) between the thumb and the fingers ("Pistol" grip). **Negative positions will be penalized by Shido, because they are against the spirit of judo (not searching for an attack, a defensive attitude etc.).**
12. To hold the opponent's sleeve end(s) by folding it over ("Pocket" grip)- 'Pistol' and 'Pocket Grip' on the bottom of the sleeve without immediate attack is penalized by Shido. **Leg grabbing or grabbing the trousers, shall be penalized first by Shido and secondly by Hansoku-make.**

13. To hug directly the opponent for a throw (Bear hug). However it is not a Shido when a contestant, Tori or Uke has Kumikata with a minimum of one hand, either Tori or Uke has the possibility to hug the opponent for a throw (Bear hug). No Shido.

Precision : Who wants to attack with bear hug must have a minimum one grip. It is not valid to make a second grip simultaneously. Only touching the judogi is not considered as kumikata, gripping is necessary.

14. To encircle the end of the belt or jacket around any part of the opponent's body. (See APPENDIX Article 23 - Prohibited Acts and Penalties – a) Shido) *

15. To take the Judogi in the mouth (either his own or his opponent's Judogi).

16. To put a hand, arm, foot or leg directly on the opponent's face. (See APPENDIX Article 23 - Prohibited Acts and Penalties – a) Shido) *

17. To put a foot or a leg in the opponent's belt, collar or lapel.

18. To apply Shime-waza using either your own or your opponents belt or bottom of the jacket, or using only the fingers. (See APPENDIX Article 23 - Prohibited Acts and Penalties – a) Shido) *

19. To go outside the contest area or intentionally force the opponent to go outside the contest area either in standing position or in Newaza. (See Article 9 - "Exceptions").

If a contestant puts one foot outside of the contest area without immediate attack or not returning immediately inside the contest area is penalized by Shido. Two feet outside the contest area is penalized by Shido.

If the contestant is pushed outside the contest area by his opponent, then the opponent will receive a Shido. (If the fighters leave the contest area, they are not penalized by Shido when the attack is engaged in a valid position).

20. To apply leg scissors to the opponent's trunk (Dojime), neck or head. (Scissor with crossed feet, while stretching out the legs).

21. To kick with the knee or foot, the hand or arm of the opponent, in order to make him release his grip or to kick the opponent's leg or ankle without applying any technique

22. To bend back the opponent's finger(s) in order to break his grip.

23. Breaking the grip of the opponent with two hands.

24. Cover the upper part of the lapel of the Judogi jacket to prevent the grip.

25. To force the opponent with either one or both arms to take a bending position without immediate attack will be penalized by Shido for a blocking attitude.

HANSOKU-MAKE (Grave Infringements Group)

(a) Hansoku-make is given to any contestant who has committed a Grave Infringement (or who having been given three (3) Shido, commits a further Slight Infringement):

1. To apply Kawazu-gake. (To throw the opponent by winding one leg around the opponent's leg, while facing more or less in the same direction as the opponent and falling backwards into him). (See APPENDIX Article 23 - Prohibited Acts and Penalties – b) Hansoku-Make) **
2. To apply Kansetsu-waza anywhere other than to the elbow joint. (See APPENDIX Article 23 - Prohibited Acts and Penalties – b) Hansoku-Make) **
3. To lift off the Tatami the opponent who is lying on the Tatami and to drive him back into the Tatami.
4. To reap the opponents supporting leg from the inside when the opponent is applying a technique such as Harai-goshi etc.
5. To disregard the Referee's instructions.
6. To make unnecessary calls, remarks or gestures derogatory to the opponent or Referee during the contest.
7. To make any action this may endanger or injure the opponent especially the opponent's neck or spinal vertebrae, or may be against the spirit of Judo.
8. To fall directly to the Tatami while applying or attempting to apply techniques such as Ude-Hishigi-Waki-Gatame. (See APPENDIX Article 23 - Prohibited Acts and Penalties – b) Hansoku-Make) **
9a. To "dive" head first, onto the Tatami by bending forward and downward while performing or attempting to perform techniques such as Uchi-mata, Harai-goshi, etc. or to fall directly backwards while performing or attempting a technique.
9b. To ensure that judo has as little trauma as possible. If Uke attempts to avoid landing on their back by any movement which is dangerous for the head, neck or spine, they shall be penalized with Hansoku-make. When a competitor intentionally falls into the bridge position to escape Ippon, the referee will not announce Ippon as in the past, but Hansoku Make for the competitor who intentionally fell. The competitor loses this contest, but can continue in the competition in applicable.

- | |
|--|
| 10. To intentionally fall backwards when the other contestant is clinging to his back and when either contestant has control of the other's movement. |
| 11. To wear a hard or metallic object (covered or not). |
| 12. All attacks or blocking with one or two hands or with one or two arms below the belt in Tachi-Waza will be penalized first by shido and then by Hansoku-make . It is possible to grip the leg only when the two opponents are in a clear Newaza position and the Tachi-Waza action has stopped. |
| 13. Any action against the spirit of Judo (this includes anything that can be described as anti-judo) may be punished by a direct Hansoku-Make at any time in the contest. |

When a contestant has repeated slight infringements and is to be penalized with his fourth (4th) Shido the Referee, after consultation with the other Referees, shall give the contestant "Hansoku-make", that is to say that the 4th Shido is not announced as "Shido", but shall be announced directly as "Hansoku-make". The contest ends according to the Article 19 (c).

APPENDIX Article 23 - Prohibited Acts and Penalties

Referees are authorized to award penalties according to the "intention" or situation and in the best interest of the sport.

Should the Referee decide to penalize the contestant(s), (except in the case of Sono-mama in Newaza) he shall temporarily stop the contest by announcing Mate, should penalize or return the contestants to their starting positions (Article 17) and announce the penalty while pointing to the contestant(s) who committed the prohibited act.

Before awarding Hansoku-make, the Referee must consult with the Judges and make his decision in accordance with the "majority of three" rule. Where both contestants infringe the rules at the same time, each should be awarded a penalty according to the seriousness of the infringement.

Where both contestants have been given three (3) Shidos and subsequently each receives a further penalty, they should both be declared Hansoku-make. A penalty in Newaza should be applied in the same manner as in Osaekomi (Article 22 Appendix, the 2nd and 3rd paragraphs).

(a) Shido *

- 1) When a contestant is breaking three times in the period of Kumi-Kata the grip of his opponent, the Referee should penalize this contestant with Shido.

7) Where one contestant pulls his opponent down into Newaza not in accordance with Article 16 and his opponent does not take advantage of this to continue into Newaza, the Referee shall announce Mate and give Shido to the contestant who has infringed Article 16 (without returning to the starting position).

9) "Normal" Kumikata is taking hold the right side of the opponent's Judogi, be it the sleeve, collar, chest area, top of the shoulder or back with the left hand and with the right hand the left side of the opponent's Judogi be it the sleeve, collar, chest area, top of the shoulder or back and always above the belt or vice versa.

If a contestant continues to take an abnormal Kumikata, the time allowed may be progressively reduced, and even to a "direct penalty" of Shido.

As long as a contestant makes a cross grip, that means with two hands, one hand on the opposite side of the back, shoulder or arm of the other contestant, he should attack immediately or the Referee must penalize with Shido. Under no circumstances it is permitted to grab below the belt.

Cross gripping should be followed by an immediate attack. Same rule as for belt gripping and one side gripping.

To hold the opponent's sleeve end(s) between the thumb and the fingers ("Pistol grip") or to hold the opponent's sleeve end(s) by folding it over ("Pocket grip") without immediate attack is penalized by Shido.

A contestant should not be penalized for holding with an abnormal grip if the situation has been brought about by his opponent ducking his head beneath the holder's arm. However, if a contestant is continually "ducking" this way, the Referee should give consideration as to whether he is adopting an "excessively defensive posture" (2).

Hooking one leg between the opponent's legs unless simultaneously attempting a throwing technique is not considered to be the normal Kumikata and the contestant must attack within 5 seconds or the contestant will be penalised with "Shido".

10. "No-combativity" may be taken to exist when in general, for approximately 25 seconds; there have been no attacking actions on the part of one or both contestants. No-combativity should not be awarded when there are no attacking actions, if the Referee considers that the contestant is genuinely looking for the opportunity to attack.

The Referees should penalize strictly the contestant who does not engage in a quick Kumikata or who tries not to be gripped by the opponent.

14. The act of "encircling" means that the belt or jacket must completely encircle. Using the belt or jacket as an "anchor" for a grip (without encircling), e.g. to trap the opponent's arm, should not be penalized.

16. The face means the area within the line bordered by the forehead, the front of the ears and the jaw-line.

18. Point 18 will be strictly observed for Shime-waza is not allowed with either your own or your opponents belt or bottom of the jacket, or using only the fingers.

(b) Hansoku-make**

1. Even if the thrower twists/turns during the throwing action, this should still be considered "Kawazu-gake" and be penalised.

Techniques such as O soto-gari, O uchi-gari, and Uchi-mata where the foot/leg is entwined with opponent's leg will be permitted and should be scored.

2. Kansetsu-waza is authorized for Cadets.

8. To attempt such throws as Harai-goshi, Uchi-mata, etc., with only one hand gripping the opponent's lapel from a position resembling Ude-hishigi-waki-gatame (in which the wrist of the opponent is trapped beneath the thrower's armpit) and deliberately falling, face down, onto the Tatami is likely to cause injury and will be penalised.

No intent to throw an opponent cleanly onto his back is a dangerous action and will be treated in the same way as Ude-Hishigi-Waki-Gatame.

Strict application of the Refereeing Rules in the following fields

FORBIDDEN: Grips of legs and blocking;
All direct attacks or blocking with one or two hands or with one or two arms below the belt are prohibited.

Penalty: HANSOKU-MAKE

Examples:

Hansoku-make blue

Extreme defensive position

Shido for both

ARTICLE 24 - Default and Withdrawal

The decision of Fusen-gachi shall be given to any contestant whose opponent does not appear for his contest according to the 30 seconds rules.

Punctuality for contests ('30 seconds rule'). - Applies to all IJF events.

Forfeit of a **contest**: If one contestant is ready on time and the Referee Commission see that his opponent is not present they will ask the speaker to announce 'the last call for missing athlete' (there will no longer be three calls at one minute intervals).

The Referee will then invite the prepared contestant to wait at the edge of the competition area. The scoreboard will start to count down 30 seconds. If at the end of 30 seconds the opponent is still not present the mat Referee will invite the athlete to enter the competition area and will be declared the winner by Fusen-gachi.

The athlete forfeiting a match may participate in the repechage provided the IJF jury find that certain criteria are fulfilled.

The Referees must be sure before awarding Fusen-gachi that they have received the authority to do so by the Refereeing Commission.

The decision of Kiken-gachi shall be given to any contestant whose opponent withdraws from the competition for any reason, during the contest.

APPENDIX Article 24 - Default and Withdrawal

Soft contact lens: - In the event that a contestant loses his contact lens during the contest and cannot immediately recover them, and if he then informs the Referee that he cannot continue competing without the contact lens, the Referee shall give the victory to his opponent by Kiken-gachi after

consulting with the table Judges.

ARTICLE 25 - Injury, Illness or Accident

In this article the person in the role of the Doctor is defined in Appendix E, section E1.1.

The decision of the contest where one contestant is unable to continue because of injury, illness or accident during the contest shall be given by the Referee after consultation with the other Referees according to the following clauses:

a) Injury

- (1) Where the cause of the injury is attributed to the injured contestant he shall lose the contest.
- (2) Where the cause of the injury is attributed to the uninjured contestant the uninjured contestant shall lose the contest.
- (3) Where it is impossible to determine which of the contestants was the cause of the injury ~~was~~, the contestant unable to continue shall lose the contest.

b) Sickness

Generally, where one contestant is taken sick during a contest and is unable to continue, he shall lose the contest.

c) Accident

Where an accident occurs which is due to an outside influence (force majeure), after consulting with the Referee Commission, the contest shall be considered cancelled or postponed. In those cases of 'force majeure', the Sport Director, the Sport Commission and/or the IJF Jury will take the final decision.

Medical Examinations

- a) The Referee shall call the Doctor to attend to a contestant who has received a severe impact to the head or back (spinal column), or whenever the Referee has reason to believe there may be a grave or serious injury. In either case, the Doctor will examine the contestant in the shortest time possible and indicate to the Referee whether the contestant can continue or not.

If the Doctor, after examining an injured contestant, advises the Referees that the contestant cannot continue the contest the Referee, after consultation with the other Referees, shall end the contest and declare the opponent to be the winner by Kiken-gachi.

- b) The contestant may ask the Referee to call for the doctor, but in this case the contest is terminated, and his opponent shall win by Kiken-gachi.

- c) The Doctor may also ask to attend to his contestant, but in this case the

contest is terminated, and the opponent will win by Kiken-gachi.

In any case whenever the Referees are of the opinion that the contest should not continue, the central Referee shall end the contest and indicate the result in accordance with the rules.

Bleeding Injuries

When a bleeding injury occurs, the referee shall call the doctor to assist in stopping and isolating the bleeding. The athlete is not allowed to compete while bleeding.

However, the same bleeding injury may be treated by the Doctor on two (2) occasions. The third (3rd) time that the same bleeding injury occurs, the Referee, after previous consultation with the other Referees, shall end the contest for the contestant's own safety and he shall declare the opponent to be the winner by Kiken-gachi. In any case where the bleeding cannot be contained and isolated, the opponent shall be the winner by Kiken-gachi

Minor Injuries

A minor injury may be treated by the contestant himself. For example in the case of a dislocated finger, the Referee shall stop the contest (by calling Mate or Sono-mama) and allow the contestant to reset the dislocated finger. This action should be done immediately with no assistance from the Referee or the Doctor and the contestant can continue in the contest.

The contestant will be allowed to reset the same finger on two (2) occasions. If the same dislocation occurs a third (3rd) time, the contestant shall not be considered to be in condition to continue in the contest. The Referee, after previous consultation with the Judges, shall end the contest and declare the opponent to be the winner by Kiken-gachi.

The doctors of the organizing committee or the accredited doctors of the teams intervene upon request of the referees.

The doctors of the organizing committee or teams' doctors must be able to intervene on the field of play, at their own request, when deemed necessary, in case of danger to the athlete(s) health i.e. a bad landing on the head or a strangulation. For justifying this exceptional request, they should stand at the edge of the competition surface showing two arms in cross in the height of the chest to inform the referee that they wish to make an emergency intervention. The referee must allow the doctor to enter the tatami while stopping the contest.

Three cases are possible:

- The team doctor/ local organization doctor announces that the athlete cannot continue the contest because their health is in danger. The opponent will be

- declared winner by fusen-gachi.
- The team doctor/ local organization doctor announces that the athlete can continue without danger to their health, and if agreed by the IJF Jury the contest continues.
- If the intervention of the team's doctor is not justified by the IJF Jury and Medical Commission delegate a final decision will be made about the continuation of the contest and will make an official report. Refer to SOR Appendix E.

APPENDIX Article 25 - Injury, Illness or Accident

If during the contest a contestant is injured due to an action by the opponent and the injured contestant cannot continue, the Referees should analyse the case and make a decision based on the rules. Each case shall be decided on its own merit. (See paragraph: a) Injury 1, 2 and 3).

Generally only one (1) Doctor for each contestant is allowed on the competition area. Should a Doctor require an assistant(s), the Referee must first be informed. The coach is never allowed on the competition area. The Referee shall draw near to the injured contestant to ensure that the assistance provided by the Doctor is within the Rules.

However the Referee may consult with the Judges in case he needs to comment on any decision.

Medical Assistance

The medical assistance in the following cases should be outside of the competition area, close to the table of Judges and the injured contestant must be accompanied by one of the judges.

a) In a minor injury

In the case of a broken nail, the Doctor is allowed to assist in cutting the nail. The Doctor may also help in adjusting a Scrotum injury (testicles).

b) In a bleeding injury

For safety measures whenever there is blood it must always be completely isolated with the assistance of the Doctor by means of adhesive tape, bandages, nasal tampons, (the use of blood clotters and haemostatics products is permitted). When the Doctor is called to assist a contestant, such medical assistance should be given as quickly as possible.

Note: With the exception of the above situations, if the Doctor applies any treatment the opponent shall win by Kiken-gachi.

Types of Vomiting

Any type of vomiting by a contestant shall result in Kiken-gachi for the other contestant. (See paragraph: b) Sickness).

In the case where a contestant through a deliberate action causes an injury to the

opponent, the penalty given to the contestant inflicting the injury on the opponent shall be a direct Hansoku-make, apart from any other disciplinary action that may be taken by the Sport Director, the Sport Commission and/or the IJF Jury.

When a Doctor clearly realises - especially in the case of Shime-waza – that there is a serious danger to the health of one of the contestant that he is responsible for, he can go to the edge of the competition area and call upon the Referees to immediately stop the contest. The Referees shall take all necessary steps to assist the Doctor. Such an intervention will necessarily mean the loss of the contest for his contestant and should therefore only be taken in extreme cases.

If a Cadet loses consciousness during Shime-waza they are no longer able to continue in the competition.

At the IJF Championships, the official team Doctor shall have a medical degree and must register prior to the competition. He shall be the only person allowed to sit in the designated area and must be so identified. e.g. by wearing a Red Cross arm-band or waistcoat.

When accrediting a Doctor for their team, the National Federations must take the responsibility for the actions of their Doctors. The Doctors must be aware of any amendments and the interpretations of the Rules.

If an injured athlete needs prolonged medical treatment on the tatami, the referee will declare the non-injured opponent as the winner who will then leave the competition area. The referee must stay on the tatami observing treatment or emergency procedures until the injured athlete is transported safely from the competition area. If necessary, the medical team should screen the injured athlete off from the view of the public. The referee should be the last person to leave the tatami. If the treatment of the injured athlete is extended onto the safety area of a neighbouring competition area, the Sport Director will stop any contests on affected tatami until it is safe to continue.

ARTICLE 26 - Situations not Covered by the Rules

Where any situation arises which is not covered by these rules, it shall be dealt with and a decision given by the Referees after consultation with the Refereeing Commission.

IJF MEDICAL AND ANTI-DOPING HANDBOOK

All medical and on-site anti-doping matters (at competitions) are the responsibility of the IJF Medical Commission. Further information can be found in the EOG. Reference should also be made to Appendix D IJF Refereeing Rules Article 25.

E1.1 Medical Requirements

In case of an injury, the priority is the athlete's health. The team doctor is responsible for the health of their athletes. In the case of a decision the local organizing doctor can assist the team doctor. In case of a dispute between them, the decision will be taken by the team doctor, between a physiotherapist and a doctor, the doctor will decide and between two physiotherapists, it is the team's physiotherapist who will decide.

The LOC shall provide sufficient medical treatment during the competition, including on site treatment and hospital treatment if needed. They should also provide qualified medical personnel and arrange sufficient medical materials and equipment.

Only certified medical doctors can enter the field of play and go on the tatami for the treatment of athletes.

A minimum of one ambulance must be at the competition venue a minimum of 30 minutes before the start of a competition day. In the absence of the ambulance the competition cannot be started.

The IJF Medical Commission delegate has the right to:

- Recommend to stop the competition in case of the delay of the ambulance is more than 15 min.
- Stop a contest in case of a dangerous injury (MDs only).
- Make a decision whether an injured athlete can continue the contest or not (MDs only).

Tatami doctors have the right to:

- Make a decision, in consultation with the IJF Medical Commission Delegate, whether an injured athlete can continue the contest or not in case there is no team doctor.

E1.2 Medical Suspension Following Concussion

Athletes of all age categories with suspected concussion (confirmed by either the IJF Medical Commission delegate if a Medical Doctor, or by the relevant event's head of medical services) are not allowed to compete within the period of seven (7) days starting the day after the date of the injury. Athletes can return to competition having a medical clearing from their team medical doctor, family doctor or any other medical doctor having the authority to issue such a clearing. The IJF Medical Commission will register athletes under medical suspension.

Recognition of a concussion:

The concussion is a traumatism of the head or the neck that alters the brain function in an immediate or transitional way. In nine (9) cases, out of 10, it is not associated with loss of consciousness. It is very important, in case of traumatism, to respect safety instructions in order to preserve the athlete's health and to ensure an appropriate medical follow-up.

Signs of recognition

During the contest:

- Loss of consciousness, convulsions
- Disorder of balance, of vision (seeing stars, double vision)
- Headache, tiredness, confusion, somnolence
- Memory troubles (to ask simple questions: their name, the place...)

After the contest:

- Irritability, sadness, impression of drunkenness
- Hypersensitivity to noise, to light
- Sleep disorders
- Reduction of performance

Safety instructions:

- To stop the contest immediately
- The athlete must be taken care of by a doctor or a person who has a close relationship with the athlete
- To respect the rest period prescribed by the doctor
- To officially inform in writing the IJF Medical Commission
- Return to activity only with a medical certificate specifying the date.

E1.3 Doping Control Requirements

The LOC must provide and arrange for doping control following the World Anti-Doping Agency (WADA) rules.

The Doping Control Station (DCS) has only one function providing space for doping tests.

No other function or unauthorized traffic (no weight control, no use as medical / emergency room, no use as dressing room) is allowed.

It must be guarded, locked and clearly separated from the competition area. The location of the DCS shall be marked with clear signs from various directions. No filming or picture taking is allowed in the doping control area.

E1.3.1 Selection Procedure for Doping Control

The IJF Medical Commission delegate together with an IJF Official and a representative of the responsible Sample Collection Authority will carry out the draw before the start of the final block; all participants must sign the draw protocol. The selection criteria for doping control is defined for each event in the event's outlines.

E1.3.2 In-Competition Testing

At IJF Events doping control is carried out under the supervision either of an IJF Medical Commissioner or a representative of the IJF Medical Commission.

For veteran and kata competitions there will be no doping control.

E1.3.3 Athlete Notification and Registration for Doping Control

Athletes are notified after their medal-winning contest.

E1.3.4 Accredited Laboratory

Only WADA accredited/approved Laboratories can analyse the samples. The Doping Control Coordinator has to inform IJF Medical Commission about which laboratory will be used.

In case of Adverse Analytical Finding detected, the IJF will follow the IJF Anti-Doping Rules.

The IJF Medical Commission delegate has the right to cancel or stop a test if it is medically justified.

IJF DISCIPLINARY CODE

The present Code established in conformity with the provisions of Articles 30, 31 and 32 of the IJF Statutes, was adopted on.... by the IJF Executive Committee (EC) of...

The IJF disciplinary bodies have the authority to investigate any fact or incident contrary to the judo moral code, to the principle of mutuality, to the IJF Statutes and regulations or that is likely to be the subject of penal action in the country of origin of the accused person and attributable to IJF individuals or legal entities, of its members and members affiliated to them.

Anything contrary to the moral, ethical, deontological or sporting spirit of judo, affecting its image and reputation and the failure to comply with the rules defined by the Association of Summer Olympic International Federations (ASOIF) and the International Organizing Committee (IOC) in terms of sports betting are subject to sanction by the IJF disciplinary bodies.

The present code does not apply to the exercise of the disciplinary authority in terms of anti-doping.

Section I

Provisions Regarding the Disciplinary Body of IJF

Article 1 Preamble

In accordance with the IJF Statutes, a disciplinary body is established by the IJF, The IJF Disciplinary Commission, ruling in first instance, which has the authority to discipline members of the IJF and its affiliates. It covers any fact or incident that occurs during IJF judo activities or related events. In the case of incontestable gross misconduct, the IJF President, in consultation with the General Secretary, may take provisional precautionary measures before the deliberation of any disciplinary body. The same Disciplinary body will form the Disciplinary Appeal Commission for the cases judged in First Instance by Continental Unions or Member National Federations. The appeal is suspensive unless otherwise decided by the disciplinary body of First Instance, duly motivated. The Appeal Commission will come to a decision on the basis of the submitted argument.

ALL APPEAL REQUESTS TO CONTINENTAL UNIONS THAT ONLY HAVE DISCIPLINARY BODIES OF FIRST INSTANCE WILL BE DEALT WITH BY THE IJF OR COURT OF ARBITRATION FOR SPORTS.

The decision of the IJF Disciplinary Commission is subject to appeal by the person concerned or the IJF Executive Committee with the Court of Arbitration for Sport (CAS).

Bylaw 1 a: In the case that the appeal does not emanate from the accused person, the disciplinary appeal body informs him /her immediately and indicates the deadline for submitting his/her observations. The IJF Executive Committee, if it does not agree with the decision, has the right to appeal.

Article 2 Composition

The IJF Disciplinary Commission is comprised of five members. The IJF President proposes five names from the list of judges (art 30.2 of the IJF Statutes) to the IJF EC for approval. The names of the President and the Vice-President for each session, proposed by the IJF President must also be approved by the EC. The Commission can validly debate while at least 3 members are present. The members of the Disciplinary Commission cannot be members of the IJF Executive Committee. The members cannot be indemnified or paid by the IJF, but their expenses will be reimbursed in accordance with financial regulation.

Byelaw 2-a: In the case of the absence or definitive exclusion of the President of the IJF Disciplinary Commission of First Instance, the presidency is assumed by the Vice-President or, in his absence, by its oldest member. In the case of the definitive exclusion of a member of the list, a new member is appointed under the same conditions as his (her) predecessor for the remaining period of the mandate.

Article 3 Admissibility of complaints and initiation of the procedure

The IJF members can ask the IJF Executive Committee to make use of the IJF Disciplinary bodies for any fact or incident that occurs during the judo activities of the national federations or the continental unions. Only the IJF Executive committee, represented by the IJF President, can decide on the initiation of the disciplinary procedure.

At the initiation of the procedure, the IJF General Secretary informs the person concerned and, if appropriate, the persons with parental/guardian responsibility and the legal representative that a disciplinary procedure is initiated against him/her by sending a written document informing them about the allegation, by a registered letter or any other means that allows proof of receipt by the addressee.

The instruction period then starts.

If the General Secretary has any connection to the case, the appointment of the Commission members and the notices are made by any member of the Executive committee appointed by the IJF President.

Byelaw 3 a: The IJF Executive Committee can give authority to the disciplinary instance of a Union or a National federation member of the IJF in order to assume the disciplinary power usually coming within the competence of the IJF disciplinary bodies.

Byelaw 3 b: A case can be referred to the IJF Disciplinary Commission of First Instance by the IJF Executive Committee on the request of a private individual or legal entity affiliated to the IJF.

Byelaw 2 c: In the case of conflict of interest, the IJF Executive Committee decides which authority is most competent to hear the case.

Byelaw 3 d: Any member of the IJF Executive Committee with any connection to the case will not take part in the decision.

Article 4 Conciliation between the parties

A member of the Executive Committee can be appointed before the initiation of the disciplinary procedure to proceed to conciliation. After the proposed agreement of the parties, the member of the EC will propose the conciliation to the IJF EC. In the case of the refusal of the parties or the EC to accept the decision, the disciplinary procedure will be initiated.

Article 5 Investigation and referral to the Disciplinary Commission

The seisin is made either after the report required by the Executive Committee or the IJF President, or also directly by the IJF President.

Article 6 Notice

The accused individual accompanied, if appropriate, by persons with parental/guardian responsibility, is called before the Disciplinary body by the IJF General Secretary. This notice is sent at the request of the President of the concerned disciplinary body, by registered letter or by any other means that allows proof of receipt by the addressee, at least fifteen (15) days before the date of the session. The notices can be sent by email, if the instruction can be certain of a reliable email address.

When the disciplinary procedure is initiated against a legal entity, its legal representative is called under the same conditions.

The person concerned can choose to defend itself by setting up a file.

Byelaw 6 a: The person concerned can only be represented by a lawyer. He/she can be assisted by a person of his /her choice.

If he/she does not understand English, French or Spanish well enough, he/she can be assisted by a translator.

Byelaw 6 b: The person concerned or his/her defender can consult the report and the contents of the file before the session. He/she can request witnesses of his/her choice; their names should be communicated at least eight (8) days before the meeting of the disciplinary body. The President of the Jury can refuse to hear any testimony that he deems abusive. These consultations can be made by electronic means.

Byelaw 6 c: The notice mentioned in paragraph 1 indicates to the person concerned his/her rights, as defined in the present article.

Travel expenses of the appellant will not be reimbursed.

The deadline of fifteen (15) days mentioned in the first paragraph can be reduced to eight (8) days in case of emergency or upon request. In this case, the right to require the hearing of the persons is applied without any deadline.

The deadline can exceptionally be shorter than eight (8) days, if the person against whom the disciplinary procedure is started is participating in a competition.

- 2) Disciplinary sanctions chosen from the following measures:
 - a) Warning
 - b) Reprimand
 - c) Suspension from a competition or duties

In the case of the first sanction, suspension from a competition can be replaced, with the agreement of the person concerned and, if any, of his/her legal representative, by the performance of activities of general interest for a set period, for the benefit of a federation or a sports association.

Article 13 Commencement of sanctions

The disciplinary body sets the date when the sanctions become effective. If this is not possible, the sanctions will be effective from the date of the notification of the decision to the person concerned.

Article 14 Suspended sentence

The sanctions mentioned in point 2) c and 2) e of article 12 of the present byelaw may, in the case of the first sanction, be totally or partly suspended.

A suspended sanction is deemed void if, within 3 years of the sanction being pronounced, the person concerned was not the subject of any sanction mentioned in 2) c and 2) e of article 12. Any new sanction within this period results in the revocation of the suspension.
