Bosei Sports College is a boarding school and not a Hotel, so you have the choice to bring your own sleeping bag, pillow etc., even if you stay in single or 2-3 prs. bed rooms. You can also rent bed linen, pillow and duvet at the school. Toilets and bath are shared in each hallway.

About Bosei / Facilities:

Bosei Sports College is situated near the town of Præstø, about an hours' drive from Copenhagen. It is a sports school with emphasis on martial arts and Japanese language and culture. Until 2008 the school was part of the Tokai University educational system, but reopened in 2009 as a sports school in the tradition of the Danish Folk High School.

We hope to create a unique atmosphere surrounding this tournament, by hosting it in a Sports school in the Danish countryside. Not only do we aim to host a good judo tournament, but also to provide an environment that encourage international exchange and friendship.

The Schools' students will act as officials and helpers during the event.

You will compete, eat, and sleep at a sports school where all facilities are nearby.

Our swimming pool and sauna will be open at scheduled hours.

Address:

Bosei Sports College
